Helicopters May Become Ambulances of Future

Many an injured soldier in Vietnam owes his life to a helicopter air lift. Such prompt medical attention may soon be available to those injured on Michigan highways.

Superior Ambulance Service, Wyandotte, purchased a Bell Ranger 47-J helicopter and is providing airborne emergency transportation to hospitals within a 100-mile radius of its home base in Westland.

Service is on a trial basis, but Superior's president, Walter A. Gutowski, feels that the helicopter rescue unit will bring about a rapid increase in demand for the service.

Traffic-clogged expressways, which hinder ambulance runs, present little problem.

Several University hospital physicians have studied helicopter use in combat zones and are convinced that the new service will prove its value in emergency cases.

It seems likely that future hospital plans may call for helicopter landing pads as standard equipment.

Death can be reduced substantially on the highways just that drinking (and necessarily drunk) drivers are the cause of or involved in a very high percentage of serious accidents and are waiting to do something about it.

Capacity Crowd Views Installation

The Odd Fellow Temple was filled to capacity Sunday, Jan. 21, to witness the installation of Maurice Rossmann and Beth McDougall into the offices of the grand of Eaton Rapids Lodge No. 114, and Sunshine Rebekah Lodge No. 142.

Walter H. Allen, sovereign grand master of the organization, past grand lodge, and Dorothy Allen, past grand matriarch of Michigan, were the installing officers.

Officers elected and installed to assist the noble grand lodge were Albert Clegg and Edna Shaw, vice grand lodge and Mildred Reed, secretary.

James M. Hare, Secretary of State, must deal with these hearings. His office is studying the case of 50 drivers who refused to take the breathalyzer test.

Michigan motorists' state gasoline taxes increased 11 percent Jan. 1 when the state gas tax was raised from six to seven cents a gallon.

Michigan motorists paid over \$700 million in state and federal taxes to buy and operate a low-price car for one year, assuming he drove 10,000 miles per year.

This brings total state gas and weight taxes in Michigan to almost \$325,000,000, added to the national total gasoline consumption, with California in first place and Alaska in the 50th spot.

Overtime Win Gives E.R. Share of League Lead

Coach Phil Taylor, still shaking a little bit from the Greyhounds' overtime win over Howell last Friday, insisted this week that the team that takes the Capital Circuit title will lose four games.

Bouncing back into a three-way tie for the lead with a 5-2 mark in league play, all the Greyhounds have to do is duplicate that record in the second round. It won't be easy.

Proh John Seeley, who had n't connected on a single field goal through the first three periods, provided the heroics. Fighting back from a 14-point deficit midway in the third quarter, the 'Hounds were trailing, 61-59, with only four seconds left when Seeley sank his fourth field goal of the final period to send the game into overtime.

Only one field goal was scored in the three-minute overtime period and that was Seeley's, coming with one minute gone. The Greyhounds then clamped on a tight defense that Howell failed to penetrate in the final two minutes.

GREYHOUND MARK NASH, right, finds himself tied up by Howell's Bob Hopkins in the 165-pound bout of the wrestling match here last Friday. Hopkins, regarded as a strong contender for the state title, went on to win a close decision over Nash.

Taylor announced this week that Junior Roger Robertson, used only sparingly up to now, has been promoted to the "sixth man" role. Mary Moore, who provided most of the Eaton Rapids bench strength through the first round of play, is bothered by shin splints, Taylor said.

Mason, which held undisputed possession of first place for a week, was knocked back into the pack by a decisive home-court loss to O'Rafferty last Friday, 76 to 62.

Following this week's home game, the Greyhounds go on the road for three against winless Haslet, dangerous Okemos and revenge-seeking Mason that could well decide the Capital Circuit race.

The Highlanders were handily defeated by the loss of Gary Itzell on fouls in the fourth quarter, after he had scored 21 points, and an injury that forced Tom Austin out of the game. But the Greyhounds, too, were not at all strengthed to come from far behind and force an overtime session to do it at Howell Friday night, winning 63-61.
