The stock of bank notes in the Bank of England is about 77,545,000 in number, and they will all be replaced by new notes.

It is stated on apparently good authority that the Rothschilds have during the last twenty-five years furnished to the various governments, mostly in Europe, a total of about \$2,750,000,000.

Whoever has followed the movements of the recent cannot fail to have been impressed by the intensely loyal attitude of the Roman Catholic church in America on all occasions in which a sentiment has had opportunity to manifest itself.

The address of Archbishop Ryan to the convention of Catholic young men in Philadelphia might have been delivered by any Protestant doctor of divinity or college president in America, so utterly wanting was any sentiment that would set good intelligent Catholic citizens apart from an other class.

What we need is good, upright citizens, and intelligent, faithful, patriotic American citizens, honest and patriotic, who will help to build up the country.

About Your Health. Take care of your health, but do not take care of it too much, just enough.

Soon the season will be here when people's noses begin to redden and their fingers begin to bluen.

A prominent lecture agent regrets greatly the lack of money that was never coined because Harriet Beecher Stowe lost her voice early and was of a retiring disposition.

A fatality seems to have pursued Farnell's private secretary, both Secretary Halford and Assistant Secretary Pruden have lost their wives by death during the present administration.

The first joke on record from the lips of ex-President Cleveland was heard when his new baby came.

Charles Stewart Farnell did not murder anyone. He was never charged with embezzlement or with any kind of dishonest financial transactions.

Worried Out of the World. Charles Stewart Farnell did not murder anyone. He was never charged with embezzlement or with any kind of dishonest financial transactions.

At any rate, Farnell, the greatest champion of Ireland in his generation, is dead.

The Year of Great Crops. It is to be hoped there is yet many another year like this before the people of the United States, but as far as we have gone 1891 stands on record as the all-round year of the greatest crop ever produced in this country.
