W. D. Fuller returned Saturday from a two weeks' visit with friends at Bangor, Paw Paw, Battle Creek and other points. Mr. Fuller says that at the various points he visited the apple proposition was on about an equal footing with Eaton county—an unusual shortage and prices high.

Two and Four Tined Forks.

A writer in the Washington Post tells of an old lady who remembered dining at the White House with Mr. and Mrs. John Quincy Adams. Mr. Adams ate with his fork, and Mrs. Adams apologized for it, saying that he had acquired the habit during his sojourn in France. Mrs. Adams and the other guests used their knives. All this is a comment on changing manner. But it should be noted that Mr. Adams ate with a four tined silver fork, while the other guests had only two tined forks, which then were the common kind. Without the development of the four tined fork the habit of eating with one's knife would not have been so rapidly discarded. As between a four tined fork and a knife the fork is to be chosen for convenience's sake, but as between a two tined fork and a knife on many occasions the latter would be actually the more serviceable.—Springfield Republican.

Power of Lightning.

It is hardly possible to use instruments for the purpose of figuring the forces of lightning, yet there are many other ways of calculating familiar to every mathematician. The amount of light given by a single lightning flash is enough to illuminate an area two miles square. The bolt itself would be visible several miles farther off, but the remotest part of the region mentioned would have as much light as would be given by a candle—quite enough to read by. To produce such a light it would be necessary to expend 13,000 horsepower for a second. These figures appear very large, but the time is short. The flash might be for only one-thousandth part of a second, but the impression on the eye would continue for a tenth of a second anyway. Pinned down to an exact hour this amount of force would mean only about four horsepower.—Electric News

A Complex Problem.

"Do you think worry makes a man bald headed?"

"It's hard to say," replied the man who gives every question cautious consideration, "whether you get bald because you worry or you worry because you are getting bald."—Chicago Record-Herald

There is Always One Supreme Standard of Perfection in Every Field of Manufacture.

The Round Oak Folks Make Good Goods Only No Seconds

In all the world there is only one Cooking Range so perfectly constructed, so absolutely faultless in every feature, as to be classed as the standard of excellence in its line, and that Range is the ROUND OAK CHIEF. The name alone is a guarantee to the prospective purchaser, eliminates uncertainty as to quality and worth, and makes certain an investment that will yield a lifetime of satisfactory service.

We assume that all people who are about to buy a Cooking Range, desire to learn as much about it as they possibly can, in order that comparison may be made, facts tabulated, and, all things considered, the Range selected that bids fair to be a good worker, economical in the use of fuel, and that will last for years and years in perfect condition. And so here we set down the superior merits of the

Round Oak Chief Steel Range

A Strictly First-Class High-Grade Range

It is made of the best material money will buy. The entire inside construction except the fire box, is made of a non-corrosive, rust-resisting, indestructible boiler iron—a great advance in the incomparable Round Oak Chief range—the most beautiful, the cleanest, the trimmest, best made, most dependable, most economical family cooking range in the world. We could enumerate a hundred reasons why Round Oak stoves and ranges are superior to any other; we will gladly do so if you'll call and let us show you their merits.

THE ROUND OAK LINE CONSISTS OF

Ranges, Base Burners, Wood and Coal Heaters

and the Celebrated Round Oak Furnaces.

Your home can be perfectly heated with pure, healthful, humidified, constantly renewed warm air, free from dust, gas, and smoke and the good, dependable Round Oak Furnace and Round Oak methods will do it.

A Round Oak Furnace of the proper size, correctly set up after plans and suggestions which we will cheerfully and promptly furnish at any time without charge, will excel steam or hot water in every item that enters into the heating problem of the average residence. It will last a lifetime, nothing to get out of order, repairs never needed, earning money for you every day you run it, paying for itself over and over again in the saving of coal bills year after year, making healthful summer warmth in blizzard time. It will pay you to investigate.

The cost of a properly installed Round Oak Furnace, comprising a complete heating and ventilating system, is less than the cheapest hot-water or steam system of direct radiation.

For heating efficiency and economy, it is unsurpassed.

HASTINGS BADLY TRIMMED AGAIN

EATON RAPIDS FOOTBALL TEAM WINS BY BIG MARGIN.

THE SCORE STOOD 77 TO 0

EIGHT STRAIGHT GAMES WON BY THE LOCAL TEAM.

Last Saturday the high school football team went over to Hastings and added another victory to its unbroken chain for this season, by defeating the team in that town by a score of seventy-seven to nothing. This gives the Eaton Rapids team eight straight games, and Charlotte has the credit for having the only team that has been able to score against our boys since the season opened. Six of the eight games won by Eaton Rapids have been on shutouts, and the last game with Hastings was a surprise, even to the most enthusiastic admirers of this town's team, because of the fact that when Hastings played here the score stood seventy-two to nothing in favor of Eaton Rapids, and it was not expected that this team could go to Hastings and give the boys over there a worse trimming than they were given in this city. But it did, and came home with colors flying and full of enthusiasm over the victory.

Only one more game remains to be played on the regular schedule for the season, and this will be with the Marshall high school team that comes to this city for its return game on Saturday, Nov. 22. When Eaton Rapids played the Marshall team in its own town two weeks ago, Marshall was defeated by a score of thirty-three to nothing, and it may be expected that there will be a strong game put up on both sides when the teams come together on the athletic field here.

The Eaton Rapids football fans are anxious to have a game in this city on Thanksgiving day, and to meet this demand and give the people here an opportunity to see the boys go against one of the strongest high school teams in the state, Coach Fraker will arranged for a Thanksgiving game with some good team. This should be one of the fastest and most exciting games ever played on the local athletic field, as both teams are acknowledged top-notchers in high school football.

Proclamation, by the Governor

Just a "thank you" thrills the heart of the receiver and reveals the kindliness of the giver. Gratitude is contagious, gratitude enriches the home and the state, gratitude makes life worth living. During the past year Michigan has shared with the nation in peace and prosperity, in civic and religious progress, in an appreciation of health and sanity. The firesires of Michigan have had the courage and faith that conquers. To God, the source of all power, it is fitting that we devote one day to praise and thanksgiving in the spirit that shall brighten and beautify all the days of all the years to come.

Therefore, I, Woodbridge N. Ferris, governor of the state of Michigan, do hereby join the president of the United States in designating Thursday, the 27th of November, as a day for all of the people of this commonwealth to celebrate in thanksgiving and prayer.

Given under my hand and the great seal of the state this tenth day of November, in the year of our Lord one thousand nine hundred and thirteen, and of the commonwealth the seventy-seventh.

WOODBRIDGE N. FERRIS, Governor.

New Business Enterprise.

H. P. Schamp and E. M. Petrie have leased the Spencer building on North Main street, which has been vacated by the Minnie & Tubbs garage this week, and will open a general repair shop the first of December, under the firm name of Schamp & Petrie. Both have had valuable experience in the automobile repair business, Mr. Schamp having been in the employ of R. E. Olds, when he made his first start, and Mr. Petrie having also worked over three years in the factories. Both are reliable men and they propose to guarantee their work. There would seem to be a splendid opening for just this kind of an enterprise and it may be predicted that this firm will receive its share of patronage.

COURSE WILL BE GOOD

The Entertainment Course Should Have Good Patronage

The Ladies' Aid society of the Methodist church, that has provided so well and generously for an entertainment course for Eaton Rapids this winter, is meeting with very satisfactory success in the sale of tickets, and there is every indication that it will be liberally patronized and a thorough success all around. A course of this character merits the support of any community, because entertainments like these, which are along the line of those on the chautauqua course that was given here last summer, are a boost to the moral uplift of any town where they are given, and leave an influence for good that is hard to estimate in point of value.

The chautauqua course had a good patronage and made all those who patronized it feel better because they did so. Any number on the chautauqua course was worth more than a ticket for the entire season sold for, and the same will be true of the course that the Methodist ladies have provided for the winter months. The course was selected with much care and thought, and the five numbers will furnish a variety of entertainment that will please any taste that is at all given to the refined side of life. The Ladies' Aid society of the Methodist church wants your help in making this course a success, and as the five numbers are of the highest class, any one of them will bring more than a dollar's worth of pleasure to every ticket holder. A ticket for the entire course costs only a dollar, and no dollar can ever be spent to better advantage than for something that tends to make hearts and homes brighter and the world better.

The first number will be the Killarney Girls, musicians, on Thursday evening, December 11.

WALKED HOME FROM RIVES

Homesick Boy "Just Couldn't Wait for a Train"

An Eaton Rapids young man who had been working over in Aurelius for a couple of weeks, was taken with a bad case of homesickness last Monday afternoon, and wanted to see the folks in town so badly that he took the train at Mason and started home by way of Rives Junction. Like some others that have made the same trip, he failed to make proper calculation on the fact that the evening west bound train is a "flyer," and doesn't stop at Rives, since the new idea of railroading went into effect on the Grand Rapids branch of the Michigan Central, a short while ago.

When the train came along that he had figured on boarding for Eaton Rapids, it was going so fast that it nearly took his breath away as he stood on the depot platform, and about all he saw of it was the red "tail" lights on the rear coach. This did not serve to help out his homesick feeling in the least, and, feeling that he "just couldn't stand it to stay away from the folks at home until morning," made up his mind to go through a few physical culture stunts, and "count the ties" to Eaton Rapids. This task he undertook, and, shaking the snow and dust of Rives Junction from his number tens, he started down the track on his twelve-mile hike, with the result that he reached the firesides of the home folks about three o'clock Tuesday morning. After getting the family out of bed for a little reunion in honor of the return of the "prodigal," the homesick youth rolled into bed with his eyes full of joy tears, and was ready to resume work on his "town job" when the big whistle at the woolen mills gave the warning at seven o'clock that it was time to get busy.

Boy Badly Injured

Clarence Long's little boy fell on a stone Thursday morning, cutting a gash in his head necessitating four stitches to draw it together; but it is thought that he will be all right in a few days.

Cards are out announcing the marriage of George W. Clarke and Miss Edith Ward, Nov. 5th. They are now at home to their friends in North Aurelius. Congratulations.

Owing to busy times only a small number attended the missionary meeting at Mrs. James Clarke's last Wednesday. Help is so scarce the women are obliged to help get the corn taken care of properly.

I wish I were able to properly report the Sunday school convention Friday afternoon and evening, but cannot do so. All who failed to attend missed a treat. Though disappointed that Mr. Newberry, of Mason, and Rev. Wooton, of Eaton Rapids, were not present, the program as carried out was fine. Mrs. J. H. Davis' paper on "The Sunday school Penny," and Miss Edith Spaulding's paper, "Realizing the Ideal," were worth traveling quite a distance to hear, and the short talks were good. Prof. Goodrich gave us a fine talk in the evening, on his travels to the world Sunday school convention, which everyone should have heard. The solos by Mrs. D. P Beasore and Helen Marshall were listened to with a great deal of appreciation. Every Sunday school in the township but one was represented.

There is Always One Supreme Standard of Perfection in Every Field of Manufacture.

In all the world there is only one Cooking Range so perfectly constructed, so absolutely faultless in every feature, as to be classed as the standard of excellence in its line, and that Range is the **ROUND OAK CHIEF.** The name alone is a guarantee to the prospective purchaser, eliminates uncertainty as to quality and worth, and makes certain an investment that will yield a lifetime of satisfactory service.

We assume that all people who are about to buy a Cooking Range, desire to learn as much about it as they possibly can, in order that comparison may be made, facts tabulated, and, all things considered, the Range selected that bids fair to be a good worker, economical in the use of fuel, and that will last for years and years in perfect condition. And so here we set down the superior merits of the

Round Oak Chief Steel Range

A Strictly First-Class High-Grade Range

It is made of the best material money will buy. The entire inside construction except the fire box, is made of a non-corrosive, rust-resisting, indestructible boiler iron—a great advance in the incomparable Round Oak Chief range—the most beautiful, the cleanest, the trimmest, best made, most dependable, most economical family cooking range in the world. We could enumerate a hundred reasons why Round Oak stoves and ranges are superior to any other; we will gladly do so if you'll call and let us show you their merits.

THE ROUND OAK LINE CONSISTS OF

Ranges, Base Burners, Wood and Coal Heaters

and the Celebrated Round Oak Furnaces.

Your home can be perfectly heated with pure, healthful, humidified, constantly renewed warm air, free from dust, gas, and smoke and the good, dependable Round Oak Furnace and Round Oak methods will do it.

A Round Oak Furnace of the proper size, correctly set up after plans and suggestions which we will cheerfully and promptly furnish at any time without charge, will excel steam or hot water in every item that enters into the heating problem of the average residence. It will last a lifetime, nothing to get out of order, repairs never needed, earning money for you every day you run it, paying for itself over and over again in the saving of coal bills year after year, making healthful summer warmth in blizzard time. It will pay you to investigate.

The cost of a properly installed Round Oak Furnace, comprising a complete heating and ventilating system, is less than the cheapest hot-water or steam system of direct radiation.

For heating efficiency and economy, it is unsurpassed.

100 DIE IN GALE

One Hundred Sailors, Officers and Men, Are Lost.

NUMEROUS VESSELS WRECKED

Unknown Steel Freighter Discovered Keel Up Eight Miles Off Port Huron and No Signs of the Crew—Unidentified Steamer Pounding to Pieces on Gull Rock, Manitou Island.

CHICAGO—About a hundred sailors, officers and men, have perished it appears certain, in a score of ship wrecks in the three days' gale on the Great Lakes.

Dispatches from nearly every port the most of them delayed by crippled wires, tell of the wreck of one or more vessels.

Probably forty men were swept to death in the icy waters of Lake Huron in the greatest lake tragedy of the year, reported from Port Huron Mich.

A huge steel ore freighter turned over in the gale and is lying keel up with her bow eighteen feet in the air eight miles off Port Huron. It is a new ship, or at least the bottom is freshly painted. The name is submerged.

No Sign of Life on Board.

All night the tug Sarnia of Port Huron stood by, serving as a marker to other craft. The crew of the tug saw no signs of life on the big ship. The wrecked vessel is about 600 feet long. Forty men is a crew for ore ships of this size. No one has been rescued from it.

Twenty-eight men are believed to have perished on an unidentified steamer which is pounding to pieces on Gull Rock, Manitou Island, nine miles off Kewaune point, on the Michigan shore. The life savers got within six miles of her but saw no life on board through their glasses.

The steamer George B. Stevenson which first reported the wreck brought news that twenty-eight men were on the deck of the stranded vessel. They probably have been swept to death in the lake.

Other Vessels Wrecked.

Other lake shipwrecks reported are: Steamer L. C. Waldo's cabin washed ashore near Marquette, Mich; crew missing.

Barge Halsted washed ashore at Detroit Harbor, Wis.; crew of eight men not heard from.

Huronic, passenger steamer, reported aground in Whitefish bay; passengers and crew safe.

A. M. Byers, wheelhouse and part of upper works smashed; reached Duluth.

Near Detroit the steamers Saxonia, Matthew Arnold, G. Hawgood, Harlow; Victory and W. G. Pollock and a lightship were blown ashore.

Arcadian ashore in Thunder bay.

Steamer, unidentified, beaten to pieces on Angus Island, near Calumet Mich.; crew missing.

Steamship wrecked off Copper Harbor, Kewaunee point, Michigan; crew missing.

BEILIS ACQUITTED OF RITUAL MURDER

Great Excitement Attends Returning of Verdict.

KIEV, RUSSIA—Mendel Beilis, the Jew on trial here for the murder of a Christian boy, Andrew Yushinsky, was acquitted by the jury.

Intense excitement attended the returning of the verdict in the case, which, because of its accusations of ritual murder supposedly sanctioned by the Russian Jews, has aroused interest far beyond the boundaries of Russia.

Gendarmes prevented any outbursts or turbulence in the court room, but there was a smouldering anti-Semitic feeling and steps, it is not known how vigorous, were made to protect Beilis and other Jewish residents from fanatical partisans of the Russian church.

HUERTA MUST STEP DOWN

Unalterable Decision Is Reached by President Wilson and Advisers.

WASHINGTON — It is possible now to give authoritatively for the first time some of the details of the administration's Mexican policy.

Huerta must go—that is the unalterable determination of President Wilson and his advisers. How this most difficult and dangerous task can be accomplished is a matter yet to be worked out. With this determination as the basis of the president's policy, Huerta's acts as head of the Mexican government will not be recognized by the United States nor will this government recognize the acts of the Mexican congress about to be called into being. Huerta has been informed of this determination and so also have the European and other governments having interests in Mexico.

No time limit, however, has been set by this government for the retirement of Huerta and no threat of force in the event of his failure to yield has been conveyed to him.

Yes, Football Is a Gentle Game, Under Present Rules

Photo by American Press Association.

SEVERAL of the colleges are developing the line hurdling play once more. There seems nothing in the rules to prevent this play, although the gridiron lawmakers claim to have eliminated the bone breaking features of gridiron sport.

Harold Weeks, the former Columbia star halfback, used the hurdle play in his day with telling effect.

In hurdling the line the back jumps from the ground headlong over the opposing line or else steps on the back of a crouching member of his own team and leaps over the opposing line men into the enemy's territory.

In the accompanying photo the Yale fullback is shown hurdling the line in the game against Holy Cross.

NEWS OF ALL THE SPORT WORLD

Why Ice Hockey Teams Should Have but Six Men.

DOINGS AMONG THE BOXERS

George Duncan a New Sensation Among the British Golfers—Federal Baseball League May Invade Eastern Cities Next Season—McFarland Will Fight Gibbons.

"Skating, and with it hockey, is due to start in the rinks soon," said Jimmy Shirreff, the noted hockey player of the Crescent A. C. of Brooklyn, recently, "and it is not too soon to advocate what, to my mind, will prove the salvation of the sport in this country. The one deterrent of the game, as at present constituted in this country is the smallness of the rinks and the consequent crowding of fourteen players on the ice.

"There is a remedy that is both simple and, I think, imminent. The Canadian hockey players are now playing only six men to a team, leaving out the rover, whose utility, as a matter of fact, has always been somewhat questionable. I am safe in saying that the great majority of players here believe, with me that the governing body should this fall so change conditions of the game that the rover will be dispensed with.

"The question is asked. Why this change? Well, the answer is simple, particularly in view of our small rinks. With fourteen players on the ice there is almost no chance for any individual or team brilliancy. There is a crowding that prevents real hockey so that the game has almost become shinny. Take, for instance, a scramble in back of the net. With the puck behind the cage there are often eight players falling over each other in an attempt to get the disk. It results in a scramble that is neither interesting nor exciting to player or spectator. Certainly it isn't hockey.

"Another reason is that a rover always finds it hard to get in line. He is usually offside. All of the big Canadian teams have dispensed with the rover for the reason that it opens up the games and prevents shinnying."

The boxing enthusiasts of the country may now look forward to a bout between Mike Gibbons of St. Paul and "Packey" McFarland of Chicago, rated by critics as the cleverest men in the roped arena.

Gibbons announced that he had accepted the challenge from McFarland to box at 145 pounds ringside and that it remained only for some club to offer proper inducements to clinch the match.

When McFarland announced that he would retire from the ring shortly and devote his time to the study of law he said he would engage in a few bouts and named Gibbons among the men he wanted to face. The only condition "Packey" imposed was that the St. Paul warrior agree to 145 pounds, generally recognized as the welterweight limit.

George Duncan, the fast playing British professional golfer, an inspired artist at the game, who for years past has been regarded as the natural successor of Harry Vardon, has had a long time to wait for his first big success in a classic event, for he is now thirty years of age. It was a fine thing for Duncan to win the French open title recently against James Braid and Arnaud Massy, but Duncan was no doubt prouder of something he accomplished a week or so before—beating Braid on his own course at Walton Heath by 3 and 2.

American golfers who visited England this year say that Duncan is a far steadier player than he used to be, while still retaining his quickness of decision and execution, which has always made him so intensely attractive to watch and a fine model to young players who have tendencies toward the exaggerated methods of the slow and sure school.

The ice yachting center of the east is going to be shifted next winter to Manhasset bay, New York. Since the deaths of Commodore Higginson and J. S. Taylor and the departure of Jimmy O'Brien from Long Branch, N. J., the glories of ice yachting on the Shrewsbury have slowly dwindled away. There has not been a race of any consequence on the Shrewsbury for three years now.

Given a hard winter with little snow, it is expected that most of the best known ice yachtsmen from Orange Lake, N. Y., and Long Branch will make their headquarters at the Manhasset Bay Yacht club, Port Washington, N. Y. Already the owners of twenty-three boats have promised to race on Manhasset bay.

Captain Harry Costello, star quarterback of the Georgetown university eleven, has been switched permanently to halfback.

Philadelphia and other cities in the east may be invaded by the Federal league next season. Agents of this organization have been in the east recently looking over the situation. One of those who has spent more than a week in Philadelphia is Lloyd Rickert, secretary of the Federal league. He was very uncommunicative regarding the Federal league's plans for next season, and he would not admit that the promoters of the organization had any intention to establish a club in Quakertown.

Not having made much money out of his theatrical engagements in either France or England, Jack Johnson, the heavyweight champion, has decided to engage in a limited round bout and has been signed up by Fight Promoter Vienne to meet some heavyweight, yet to be selected, in a fifteen round battle at Luna park, Paris, the latter part of November.

Kidney trouble is dangerous and often fatal.
Don't experiment with something new and untried.
Use a tested kidney remedy.
Begin with Doan's Kidney Pills.
Used in kidney troubles 50 years.
Recommended here and everywhere.
An Eaton Rapids citizen's statement forms convincing proof.
It's local testimony—it can be investigated.

Mrs. G. Cowan, 709 South Water St., Eaton Rapids, Mich., says: "About three years ago I was suffering from kidney trouble and lame and aching back. I had headaches and dizzy spells and was annoyed by the kidney secretions. I tried several remedies but got no relief until I used Doan's Kidney Pills. They rid me of the backache and pain and regulated the action of my kidneys."

Onondaga Abreast the Times.

The Ladies' club of Onondaga, known as the Knowlege Seekers, should receive the thanks and hearty support of every citizen of Onondaga and surrounding country, in its efforts to furnish a lecture course equal to those of the larger towns. In fact, the very course the Onondaga ladies have secured for that village is being rendered in Jackson, the first number of which received the highest commendation from the press and public of that city.

The following five numbers, which comprise the course, should recommend it to the kindly consideration of the people of our neighboring village: The Signor Cafarelli Concert Party; Lielan Edgar Follansbee—lecture; Ye Old Town Quartet; Dr. J. B. Mc Clay—lecture; Mrs. Hattie Rood Grace—entertainer.

We would gladly copy a few of the many testimonials to the high character of each of the above numbers, but space will not permit. Suffice it to say, that they are among the best, and all who patronize this course, will be thankful to the Knowledge Seekers for providing the people of Onondaga with the advantages enjoyed in the cities.

The first number on the course will be The Signor Cafarelli Concert Party, and it will be given at the Congregational church in Onondaga, on Monday evening, Nov. 17, at eight o'clock. Tickets are on sale at W. Baldwin's store.

Storm Was a Hummer

The jolt that was given out by the weather man, last Saturday, Sunday and Monday, was on an equal footing with about anything of the blizzard variety that has ever been experienced in the month of November in this section of the country. The wind blew with all of the fierceness of a mid winter blizzard, and drifted the snow badly, a depth of several feet accumulating at some points along the city streets and on the rural highways. The snowfall was great enough to delay railway traffic to a considerable extent, and from a general standpoint the weather made matters pretty disagreeable all around. But we weren't the only ones that had to stand the bad weather proposition, for the storm was general, all over the country, reaching as far south as Florida. Everything in the shape of perishable crops was pretty well taken care of when the storm came, and no very great damage was done, but it made folks use fuel pretty lively for a few days.

Had Five Lawsuits.

Editor Warner, of the Potterville Press, heard five lawsuits in four days last week, as justice of the peace in that village. As a result of his court duties, he was a day late in publishing his paper, but had the satisfaction of knowing that he had things pretty well ironed out in that town from a standpoint of law and order, when he got through with the bunch of court affairs.

Had an Old Fashion Time

The Eaton Rapids township ladies' N. I. club entertained the Hamlin R U club ladies at the home of Mr. and Mrs. L. F. Shirkey, Thursday, at a pot luck dinner that looked very tempting to the eyes of a hungry man, but the male element had nothing to do with the festivities. The table decorations for this particular occasion were all indicative of the pioneer days; an old time lantern was hung from the electrolier, several brass candlesticks were in evidence and half of a large pumpkin was filled with carrots, turnips and other early substitutes for apples.

Even the pictures on the wall were in keeping with the general scheme, but the dresses of the ladies; their long curls, hoops and short skirts, snuff boxes and all, provoked a great amount of merriment and their repeated peals of laughter could be heard several doors away. Take it from the Journal, that the girls enjoyed a very happy meeting.

BAPTIST CHURCH NOTES

"Good, better, best,
Never let it rest;
'Till the good is better,
And the better, best."

Sunday school rally next Sunday.

A fine congregation and a large Sunday school last Sunday.

Lewis Eckard, F. N. Goheen and C. D. Sloopm were delegates to the state Sunday school convention at Benton Harbor, this week.

Mrs. S. Godfrey returned home last week from an extended visit with her people, and Sunday morning found her at her place in the church as usual.

The church and Sunday school rejoices over the organization of a church orchestra, which promises to be of great help in the services. The orchestra will appear first in the first period of Sunday's service.

The Ladies' Aid will meet at the home of Mr. and Mrs. S. Godfrey, on the corner of Knight and East streets, on Wednesday, Nov. 19. A dinner will be served promptly at 12:00 o'clock, to which the public is cordially invited.

The boys that want to join the "Church Scouts" will meet in the school building in the third ward, Saturday, at 1:30 o'clock. This is not to take boys from other Sunday schools. All that are not members of other schools are welcome.

The pastor requests the members of the church and congregation, having garments hanging back in their wardrobes that they are not going to use any more and could be of service, to bunch them and bring them to the church, giving them to a committee appointed to receive and with power to distribute them where most needed.

The program for the Sunday school rally will be divided into three periods: First period begins at 10:30, and consists of music, speaking by members of the primary department, address by pastor, and other pleasing parts. Second period begins at 11:45 and consists of greetings in the good old fashioned way. Third period begins at 12 o'clock. A brand new program for the Sunday school hour. Original, never been used. You will like it. Come and bring someone with you.

The Sunshine class of the Robbins church will hold a social at the home of H. W. Spaulding, this (Friday) evening, November 14. Everyone cordially invited.

The Ladies' Aid society of the M. E. church will hold its annual fair on Friday and Saturday, December 5 and 6, and on Saturday of the fair, one of those chicken pie dinners, that have been so popular in the past, will make the hungry folks happy.

The regular business meeting of the Ladies' Aid society of the Methodist church will be held in the church parlors next Wednesday, Nov. 19, at 2:30 o'clock sharp. A pot luck dinner will be served at ten and fifteen cents. The ladies are requested to bring well filled baskets.

Herbert Grover, of Charlotte, was given a birthday party at the home of Mr. and Mrs. John Stewart last Saturday night, when there were about thirty present, all of whom spent a very enjoyable evening. The members of the high school football team were guests of honor at the birthday function.

When R. R. Reynolds was getting off the train on his northern hunting trip, he accidentally bumped his ear against the depot platform. Though he thought nothing of it at the time it became so painful after reaching camp, that he was obliged to give up the recreation, and returned home Wednesday afternoon, reporting that the party had killed three deer before he left.

Frank E. Ford, because of having rented his farm, will sell his personal property at auction, on what is known as the O. D. Herrick farm, three and a half miles northwest of Eaton Rapids, on Thursday Nov. 20, commencing at ten o'clock in the forenoon, with Porter Colestock as auctioneer. There is plenty barn room on the farm where the sale is to be held, for all who attend the sale to give their horses shelter, and if the weather is stormy the sale will be held in the barn. Mr. Ford has a large advertisement on another page of the Journal, that gives full particulars of the auction and a list of the property to be sold.

Only six weeks more till Christmas, and two weeks more till Thanksgiving.

The Ladies' History club will meet with Miss Josie Hamilton next Monday, Nov. 17.

The Gunnell Ladies' Aid society will meet with Mrs. Eli Royston, next Wednesday, Nov. 19, for dinner.

The DeArmond Sisters company, under the direction of Fred Goodling, opened a three nights' engagement at the opera house last night.

Herbert Gillett, has made a complete recovery from his seige of typhoid fever, and last Monday was on the job again as city mail carrier.

Chauncey Marshall, who has been having a severe run of typhoid fever, was able to sit up for the first time last Monday, and is gaining steadily.

Press dispatches are authority for the statement that there are more than 1,700 deer hunters in the northern peninsula. This is declared to be the largest number that has ever been on the deer trails in the north woods.

Because the engineer and conductor of a Pere Marquette freight train held a crossing in Grand Ledge eighteen minutes a few days ago in violation of that city's ordinance, the two men appeared in justice court there and paid a fine of ten dollars each.

Karl D. Keyes, of Olivet, and George R. Wilson, of Chicago, have been chosen trustees of Olivet college to fill the vacancies made by D. M. Ferry, of Detroit, and Harvey Hollister, of Grand Rapids. Both of the new trustees are graduates of the college and successful business men.

The local chapter R. A. M. is planning for a "High Priest" day, Friday, November 21, when a class will be given the Royal Arch degree by past high priests of the lodge with Hon. H. S. Maynard, of Charlotte, in the chair. A banquet will be spread at 6:30 o'clock in the evening.

The Aurelius township Sunday school convention that was held at the Robbins church last Friday, was a very satisfactory success. There was a good attendance at both the afternoon and evening sessions, the programs for which were of an unusually interesting and appropriate character.

The seventieth anniversary of the Congregational church and society of this city, will be celebrated this (Friday) evening, at the parsonage, when a pot luck supper will be a feature of the anniversary gathering. In addition to the supper there will be some speech making, and letters from former pastors and parishioners, who have been invited and cannot be present, will be read.

The Home Workers' dinner at Vickery hall tomorrow (Saturday) Nov. 15, should draw a good patronage, because the proceeds will be devoted to providing Thanksgiving luxuries for a dinner for those in this community whom misfortune might otherwise prevent enjoying these good things. The ladies will begin serving dinner at eleven o'clock and continue until all are served. The price of the dinner will be twenty cents.

Ray Miller, who was one of the quartette arrested last week on complaint of C. S. Horner for "padding" the weight records at the woolen mill, changed his mind in Justice Weatherwax's court last Thursday night and entered a plea of guilty as charged. He was sentenced at once to ninety days in the work house and was taken to Detroit Friday morning by Deputy Sheriff H. M Hall. On account of the inability of the prosecuting attorney to be present last Monday, the case against Charles Swift was adjourned to next Tuesday morning at nine o'clock.

The Y. M. C. A. relay race for the schools of Eaton county, will take place on Saturday, November 22. The prize will be a silver cup donated by Wilson Geddes, of Charlotte, and the race is to be eleven miles. Each school competing for the price will have twenty-two boys in its team and each boy is to run half a mile, thus making the contest a physical culture affair. It will be the first relay race of this character that has ever taken place in Eaton county, and much interest has been awakened in the matter in the various schools and among the members of the Y. M. C. A.

The U and I club will meet with Mrs. M. D. Crawford, next week Thursday.

All officers are requested to be present at the meeting of the W. R. C. next Tuesday.

Mrs. G. M. Woodruff has again taken entire control of the Bijou theater, and assumes the personal management of the business.

The G. A. S. club enjoyed a very pleasant meeting with Mrs. T. B. True last Tuesday, a pot luck supper being one of the entertainment features.

The L. A. S. divisions of Mrs. J. J. Holmes and Mrs. Edward Rank will meet at the home of Mrs. J. Watson Stirling, at three o'clock Saturday afternoon.

The K. of P. lodge enjoyed a fish supper last Tuesday evening, when some "big ones" sent by Clay Spicer, furnished an ample supply for the large crowd present.

"Professor" Colvin, the Charlotte tango specialist, who came over last Monday evening to string a few suckers at $1 00 per, received the hardest frost of the season; not a single person being willing to contribute to his support.

W. G. Kenney has bought an interest in a Lansing real estate business, where he expects to spend most of his time in the future, and C. D. Stringham has moved his desk into the office with H. M. Hall, over J. D. Birney's drug store.

The Ladies' Pioneer club will meet with Mrs. Jane Conklin, at her home on Water street, next week Wednesday, Nov. 19, for a pot luck dinner. The meeting is held a week earlier than usual this month, on account of Thanksgiving.

Upwards of 200 were present at the M. E. church last Wednesday evening to enjoy the Sunday school supper and social. All were well fed and entered heartily into the spirit of the after-supper songs, with Miss Alice Ferris at the piano.

Rolland Soul and Miss Cecil Battley were quietly married at the home of the bride's parents, Mr. and Mrs Albert Battley, last Monday and immediately took the train for Springport, where they are spending a brief honeymoon with the groom's parents.

Work on the new fountain at the Central well was commenced Tuesday, and is progressing very satisfactorily, under the direction of Jay Prindle, a Charlotte contractor, who was awarded the contract by the Commercial club. C. S. Horner, president of the club, and who drew the plans for the fountain, will give some attention to the job.

Miss Alice Ferris has resigned her position as teacher in the Detroit Conservatory of Music, and with her mother, Mrs. Wesley Ferris, has taken rooms in the house with Miss Carrie Topliff, on King street, and will make their home there. Miss Ferris has decided to take up music teaching here, and is well qualified to make a success of that profession.

Mrs. Clara Honeywell's sister members of the G. A. S. club, gave her a very pleasant surprise Wednesday evening, in honor of her birthday anniversary. The ladies took along an abundant supply of good things to eat, and a excellent pot luck supper was served, this with a good social time making the evening pass pleasantly at Mrs. Honeywell's home.

Friendship lodge, Knights of Pythias, of this city, furnished the following candidates for initiation at the Pythian golden jubilee at Detroit Wednesday night: James Webber, E. R. Britten, Frank Roatcap, Martin Hanson, S. P. Savage, Frank Spencer and Homer Eckard. Several of the local Pythians also attended the jubilee, all making the trip on the Pythian special from Grand Rapids.

The local poultry buyers have been putting in good time this week gathering in the turkeys for Thanksgiving shipments to the eastern markets, and next week will begin shipping them out. Eighteen cents a pound, live weight, is what the "birds" are being bought at, and by the time they are dressed and delivered in Boston, New York, Albany and other markets, the people "down east" will be pretty liable to know something about the high cost of living when they buy them for their Thanksgiving dinners.

Eaton Rapids friends have received announcements of the marriage of Miss Helen M. Sheldon, of this city, to Roy S. Lundberg, of Sioux City, Ia. The wedding was solemnized at Sioux City last week Wednesday, Nov. 5, and the bride and groom will make their future home at 1111 Eighth street in that town. The bride is the daughter of Mr. and Mrs. J. W. Sheldon, of Eaton Rapids, and graduated from the high school here in 1908. She has since taken a course in the Michigan Agricultural college, and has been one of the popular young ladies of this city. The groom is a popular young business man of Sioux City, having the management of the National Cash Register company's business for that section of the country. The bride's many Eaton Rapids friends extend to her and her life companion, their best wishes for a happy and prosperous life.

Regular meeting of Grace Pierce hive, L. O. T. M. M., next Wednesday evening, Nov. 19.

Mrs. W. R. Mead gave a reception to a number of her lady friends last Tuesday evening in honor of her sister-in-law, Mrs. Merrit Mead.

Mr. and Mrs. Robert Mitchell have moved from the I. N. Reynolds house, on East street, to the Mrs. Celia Winn house on West Knight street.

Mrs. Katie Peterson is seriously ill at her home on the Lansing road. Her daughters, Mrs. Fannie Jackson, of Clinton, Iowa; Mrs. Hazel Walker, of Cleveland; and Mrs. Grace Johnson, of Toledo, have been here caring for her.

Wisner & Guthrie report the sale of the Daisy Knight house and lot on Dutton street, to George Nicholl and wife, of this city. The same firm also reports the sale of the M. D. Crawford place at the corner of East and Leonard streets, to Jesse Sientz.

Mr. and Mrs. C. Winslow Turner returned last Saturday from the west, where they spent the most of the year. Mr. and Mrs. Turner were in Idaho the greater portion of the time they were away, and both agree, that while they enjoyed their trip very much, Michigan is quite good enough for them.

Clare Green and wife have taken rooms for the winter with their parents, Mr. and Mrs. James VanDeusen, and rented their furnished home on East street to Merritt Mead, who was united in marriage at Chicago last week with Miss Clara Doving, of Portland, Oregon. Mr. Mead is clerking for his brother, W. R. Mead.

Milton Whitman, who formerly resided at Springport, died suddenly of heart disease at his home in Detroit, last week Tuesday afternoon. Deceased was a brother of Mrs. George Fancher and Mrs. Mary Davis, who reside south of this city. Mrs. Davis and Mrs. Fancher attended the funeral in Detroit, on Thursday, Nov. 6.

B. F. Sanborn, of Grand Ledge, who was elected at the October meeting of the board of supervisors to succeed Charles B. Fowler, of this city, as a member of the county board of poor commissioners, died last week Friday after a short illness. Mrs. Sanborn, heartbroken over the death of her husband, passed away Monday morning. Both held a prominent place among the pioneer residents of Grand Ledge, and were well known throughout the county. Mr. Sanborn was a veteran of the civil war. A double funeral for the aged couple, was held at the Methodist church in Grand Ledge, Wednesday afternoon.

UNIONS MAY BLOCK ADCRAFT FAIR PLAN

Bay City Row May Be Transferred to SanFranscisco.

BAY CITY, MICH. — The Bay City Ad. club and the ad. clubs of the state and the boards of commerce interested may be balked in their plans to erect a Michigan building at the Panama-Pacific exposition, for which the local organization has offered to donate the material and Grand Rapids the furniture.

The offers were accepted by the convention. Local labor leaders have taken cognizance of the matter, and though they will divulge nothing of their plans, it is known that they are formulating a course of action with a view to causing a hitch in the work now under way. The North American Construction company, which has been given the order for the material, is not on the best of terms with local unions. Neither is the Lewis Manufacturing company, which does the woodwork for the former.

The fact that San Francisco is perhaps the most radical union labor city in the country is being relied on by the local unions. It is proposed to notify the central body in that city and head off the use of any kind of material not handled by organized labor in the construction of the building, unless a compromise is reached beforehand.

SENTENCED FOR BLACKMAIL

Woman Goes to Prison for Deception in Winters Case.

DETROIT, MICH. — Mrs. Edna Norrine Vance, forty-six years old, pleaded guilty to a charge of using the mail before Judge Arthur Tuttle in the federal court and was sentenced to serve one year in the Detroit house of correction. Immediately she fell full length on the floor in a faint, but recovered quickly.

Mrs. Vance is the Adrian (Mich.) woman who last spring wrote a letter to Dr. William Winters of Newcastle, Ind., telling him that she knew where his nine-year-old daughter, who was kidnaped last March, was hidden and demanded $25 for the information. When arrested she confessed she knew nothing of the whereabouts of the child.

GAS MEN OUTWIT HOLLAND

Force Mains Under Streets to Evade Injunction Against Digging.

HOLLAND, MICH. — In spite of the fact that the Holland gas company is restrained by a permanent injunction from tearing up the streets here for mains to connect with the proposed Zeeland branch, work was started on the extension to Zeeland early in the day.

Blaine Gravett, of Grand Rapids holder of the Zeeland franchise, purchased the right of way through private property to the city limits, and the mains are being forced through under street intersections so as to evade the injunction proceedings. The city authorities have not interfered.

LOW WAGES NOT VICE CAUSE

Grand Rapids Morality Commission Prepares Report.

GRAND RAPIDS, MICH. — After months of investigation, the public welfare commission, appointed by Mayor Ellis simultaneously with the creation of the morals efficiency commission by Circuit Judge McDonald, has prepared its report. The commission dealt especially with the cause of immorality.

In substance it finds that low wages do not form a direct cause of vice, but that indirectly low wages and poverty have a great influence.

SHERIFF IS OPPOSED TO SURGICAL CURES

Benton Harbor Officer Will Protect His Prisoners.

BENTON HARBOR, MICH. — This county is rent into bitterly opposed factions over the practice of Circuit Judge Bridgman of sentencing certain classes of wrongdoers to be operated on by a Chicago physician. The method of curing criminal tendencies by surgical operations is known as "constructive surgery," and although some of the men who have been treated by the Chicago surgeon have returned to Benton Harbor deeply grateful to Judge Bridgman, Sheriff Fred C. Franz has announced that he will not be a party to any compulsory operations on any of the prisoners committed to his care.

Benton Harbor lawyers and doctors are lined up almost solidly on the side of the sheriff. "I am in office to protect the prisoners committed to my care as well as to confine them," said Sheriff Franz. "I am neither a friend nor a foe of the use of modern surgery in dealing with criminals.

"My stand is simply this: I will not permit a prisoner in my care to be operated upon for 'reform purposes' unless the prisoner desires the operation. After the three prisoners were taken to Chicago about ten days ago, I received a complaint that at least one was operated upon against his will while under the influence of drugs. This man still insists he was wronged and that no possible good could have resulted to him from this operation, a fact which he knew before it was performed and thinks the doctor should have known it too."

WATER IN SAUSAGES DEAR

Moisture Brings 15 Cents a Pound When Mixed Properly.

LANSING, MICH. — The Michigan dairy and food department has a book, said to be published by B. Heller & Co., of Chicago, which gives the "secrets of sausage-making," and, in the opinion of Commissioner Helme, fills a long sought desire. According to Mr. Helme, the book furnishes timely and profitable hints, chief of which is a new way to sell water for only 15 cents a pound. Mr. Helme points out part of the recipe on page 256 which follows: "The great advantage of using bull meat in preference to that of the steer and cow is on account of its greater absorption of water. The more water you work into the meat while it is being chopped, the more tender and juicy will be the sausage."

"Of course, the more water you get into the sausage, the more weight," added Mr. Helme.

PORT HURON IN DARKNESS

Black River Backs Up Putting Out Fires in City Plant.

PORT HURON, MICH. — Water backing up in the Black river here put the fire in the city lighting plant out leaving the city in darkness.

With the heavy rain in the morning and the severe blizzard in the afternoon the river rose considerable, flowing into the fire boxes. Only the street lights and the motors propelled by the city plant were crippled.

AGED METHODIST IS DEAD

Miss JOHN PURROY MITCHEL

NEW YORK — Quite an athletic young woman is the wife of the newly elected mayor of New York city. Mrs. John Purroy Mitchel combines athletics with charity work. She swims and plays tennis admirably and spends much time in working to benefit the poor who are afflicted with tuberculosis.

GENERAL NEWS.

ALBANY, N. Y. — A direct primary bill abolishing party state conventions is to be passed by the present Democratic state legislature in December. In addition the present legislature is to pass at the December session bills repealing laws appropriating over $1,000,000 which were signed by Governor Sulzer to secure legislative support for his direct primary bill. When the legislature adjourns it will be on Monday, Dec. 1, or Dec. 8, in order to give Governor Glynn an opportunity to formulate plans to effect such a substantial retrenchment in the annual expenditures for support of the state government. Governor Glynn announced that he was determined that during his administration there should not be a direct tax rate except such as is required by the state constitution to pay for the cost of good roads and the barge canal system.

WASHINGTON—The U. S. senate committee on banking and currency has made further sweeping changes in the administration currency bill. It voted 2 to1 to strike from the bill the words "or lawful money" wherever they occur, thus making the reserve required to be held under the bill to be solely of gold. Four Democrats voted to retain the words "or lawful money." They were the chairman, Senator Owen, and Senators Hollis, Pomerene and Shafroth. All Republican members of the committee and the three Democrats—Senators O'Gorman, Hitchcock and Reed—voted to strike the words from the bill.

WASHINGTON — President Wilson and his party associates were happy over the results of the elections in New Jersey, Massachusetts, Maryland and some other states. They accept the results as an endorsement of the president on the tariff and other important questions. It is the general expectation that with the election figures in mind, President Wilson will assume a more aggressive attitude in demanding immediate action on the banking and currency bill.

OMAHA, NEB. — Fast passenger train No. 9 of the Chicago, Burlington and Quincy railroad, westbound for the Pacific coast, was held up shortly before 1 o'clock in the morning by a lone bandit as it pulled out of the station at Council Bluffs. The robber got $500, several watches and other jewelry. His operations were confined to one sleeping car. The negro porter was forced to search the clothing of the sleeping passengers.

CRAWFORDSVILLE, IND. — The second of a series of meetings of the annual commission on finance of the conference of Methodist Episcopal churches was begun at the First M. E. church here when the affairs of the Crawfordsville district were taken up. Discussion of the new financial plan adopted by the Methodist churches of the country was held throughout the meeting.

NEW YORK — The fusion victory becomes even more impressive when the vote was corrected on the recovery of missing election districts. Mitchel's plurality is 121,974. Prendergast won by 42,880 and McAneny got a plurality of 73,873.

COUNCIL PROCEEDINGS.

A regular meeting of the Common Council was held in the city council room, Tuesday evening, Nov. 11, 1913, at 7:30. Meeting called to order by Pres. Crawford. Roll call—Present, Aldermen Rogers, Crawford, Leighton, Crane.

Minutes of last meeting read and approved.

The following bills were read and audited by aldermen Crane and Leighton, and on motion of alderman Crane were allowed as audited—

THINGS ALL OUGHT TO KNOW

As Christian Bible Students—The Satisfactory Proof of "Why God Permits Evil."

One of the questions which comes to nearly every thinking mind today is "Why does God permit evil?" As we look about us in the world we observe that it is filled with sorrow and trouble, sickness and pain and every trial we could enumerate, and we cannot help wondering WHY GOD ALLOWS IT. We realize that He is almighty and that He could prevent it if He wished. We read in His Word that He is merciful, willing to do for His children than are earthly parents for theirs, and we know how much that means; yet of tentimes it seems that those who try to do and live right have the most trouble. This question is made very clear in a book entitled, "The Divine Plan of the Ages." Every statement is backed by Scripture, and shows that while God does not sanction evil HE HAS HAD A PURPOSE IN ALLOWING SIN AND DEATH TO REIGN THESE SIX THOUSAND YEARS. This and many other subjects of deep interest to all of God's people are discussed fully and in language easy of comprehension.

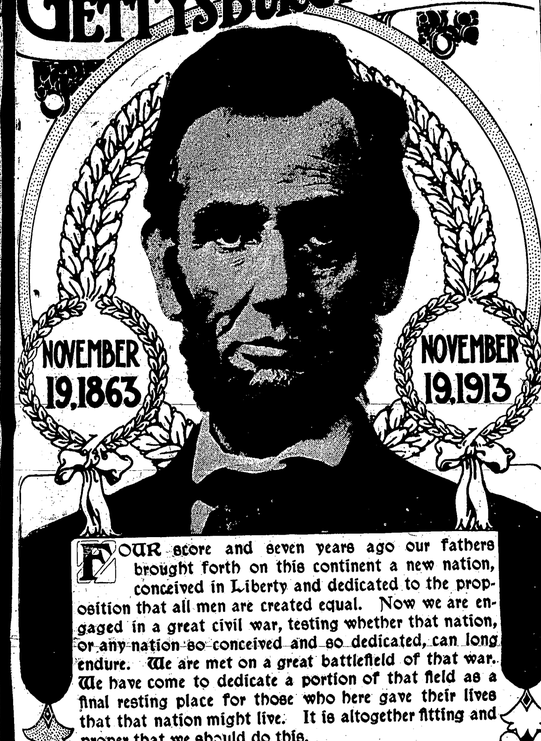
FIFTIETH ANNIVERSARY of LINCOLN'S GETTYSBURG ADDRESS



FOUR score and seven years ago our fathers brought forth on this continent a new nation, conceived in Liberty and dedicated to the proposition that all men are created equal. Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure. We are met on a great battlefield of that war. We have come to dedicate a portion of that field as a final resting place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this.

But in a larger sense we cannot dedicate, we cannot consecrate, we cannot hallow, this ground. The brave men, living and dead, who struggled here have consecrated it far above our poor power to add or detract. The world will little note nor long remember what we say here, but it can never forget what they did here. It is for us, the living, rather, to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us—that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion; that we here highly resolve that these dead shall not have died in vain; that this nation, under God, shall have a new birth of freedom, and that government of the people, by the people, for the people, shall not perish from the earth.

NOV. 19 is the fiftieth anniversary of the dedication of the new battlefield cemetery at Gettysburg. The ceremonies at the cemetery were simple in character and followed what was described in the newspapers as "a grand civic and military display" in the presence of "15,000 people, including men, women and children," the chief features of the day being a parade and what was described in the dispatches as the "great oration" by Edward Everett. It was an informal production, drafted hastily on the trip up from Washington.

The work of reinterring the Federal dead from the battlefield was not yet completed, but there were 600 identified remains in the ground hallowed by this dedication and 582 "unknown." Lincoln's words might have been spoken of any battlefield of the conflict. In saying "we are met on a great battlefield" he expressed the national estimate then held of the battle of Gettysburg as only one of many. Further along he seemed to grasp the future, for he said of the dead sleeping their last sleep there, "The world can never forget what they did here." Linked with their memory is that brief, but matchless, tribute.

MICHIGAN STATE NEWS.

GRAND RAPIDS — Michigan State Senator Thomas D. M. Naughton member of the executive committee of the Michigan state grange, has returned from a meeting of the committee at Flint, and announces that the grange will demand important and drastic progressive legislation at the next session of the state legislature. "It has been decided," he said, "to have the grange ask for a tonnage tax on Michigan minerals and a registration system of land titles, similar to the system now in use in Illinois. An amendment to the recall bill is also favored, putting back in that measure the section including judges, and reducing the necessary percentage from 25 per cent "or more" to the original phrase 25 per cent "or less." To do this the grange may seek to take advantage of the initiative and referendum which it helped to pass."

LANSING — Secretary Drake, of the Michigan industrial accident board, has ruled unofficially that a workman who is injured while eating dinner on his employer's premises is entitled to compensation. The point in question was brought up in the case of Michael Holland, a foreign laborer, who died in an explosion of gasoline at the city ozone crushing plant while eating his dinner. Secretary Drake declares that for the purpose of compensation the burden is placed upon the employer to show that the employe was present in violation of strict orders. The secretary also declares that the employer must take precautions to safeguard the lives and welfare of his workmen, and that in failing to protect the gasoline tank this obligation was not carried out.

PONTIAC — Cashier Ralph E. Jossman, an official of the E. Jossman State bank of Clarkston, was arraigned here on information charging him with larceny and making false entry. He pleaded guilty and waived the reading of the information. He will be sentenced Nov. 7. The specific charge on which he was arraigned was, that on August 6 he took from the bank $6,915.24 belonging to E. S Bird, president of Orion township. The bank failed for approximately $150,000, and Jossman came to the jail and gave himself up following the shortage discovery by the state banking officials. Jossman appeared in court with his attorney, John E. Brondige, as debonair as ever.

LANSING—Several United States postal inspectors are now in Michigan investigating reports that the parcel post system is being used by Wisconsin and Illinois pot hunters in flagrant violation of the game laws of this state. The law relative to the hunting of partridges provides that a hunter shall not kill more than six partridges in one day, nor shall he have more than fifteen in his possession at any one time. The parcel post law seems to have opened a new field, as it has been reported to the state game warden and the postal authorities that partridges are being shipped out of Michigan by Wisconsin and Illinois parcel post hunters through the medium of the parcels post.

BATTLE CREEK — Provided that Dan Cupid safely ropes and ties Floyd L. Scott, an employe of the Michigan Rug company, this city, by October 31, 1916, the young man will receive $10,000 as a wedding present from a wealthy relative in the east. This was discovered when it became known that the young man had received a check for $500 for his birthday last week, and the offer in a letter containing the check. He says that while he has no particular girl in mind he has an ideal. He refuses to give an inkling of the "ideal maiden" who may share the $10,000 with him. Mr. Scott is a descendant of George B. McClellan, commander-in-chief of the army of the Potomac.

PONTIAC — Diminutive eight-year-old Ruth MacGregor, whom her father never saw until she appeared in court, was the chief figure at the MacGregor divorce suit. The father left home in the northwest years ago and has contributed little to the support of the family. The child was born in his absence. The mother lives in Canada. The father, F. J. MacGregor, asks the divorce.

GRAND RAPIDS — George Welcomb, becoming a temporary city detective in a robbery case, attempted to get a suspect drunk. The suspect outwitted Welcomb, who was arrested for being drunk, and was sent to Ionia reformatory for two years. The suspect revealed the fact that Welcomb had violated a former parole by drinking.

STANDISH — Mrs. Joseph Laporte, a woman living a few miles south of here, was fatally injured when dynamite which she accidently put in the stove blew up. She was emptying the contents of a dustpan when the fire in the stove went up, destroying one eye, breaking an arm, and causing internal injuries.

BATTLE CREEK — Being listed as an official of the "Pallsoupers of the Living Fire," Samuel Greathead, this city, came in actual contact with the flames when he went to bed with his pipe lighted. He was nearly burned to death when his bed covers took fire. He is now in jail.

CRIMES AND CASUALTIES.

LOS ANGELES, CAL. — Four persons were killed and seven injured early in the morning when two automobiles collided. One was a seven passenger machine packed with men and women. It ran into a smaller auto and overturned, crushing four of its occupants to instant death. The dead are Ervin Chapman, owner and driver of the larger car; Miss Vride Elmore, W. R. Sanders and Harry B. Curtis. The occupants of the smaller car escaped death.

NORTH JUDSON, IND. — Henry Brenlen of Bremen, Ind., and his two children—Otto, ten years old, and Norman, three months old—are dead and his wife, Mrs. Henry Brenlen, is in a serious condition, the result of the buggy in which they were riding being struck by west-bound Erie fast train No. 3 at Angle Crossing. The train was said to have been running more than fifty miles an hour.

CHICAGO—Late information which may lead to the arrest of the murderer of Ida Leegson, art student, was brought in an anonymous letter addressed to the detective bureau. The letter directs the police search to Longview, Ill., near which place, according to the informant, the "copper colored negro" has been employed on a farm.

PARIS, FRANCE—Seven of the coaches of the Marseilles-Paris express were wrecked in a collision with another train. The coaches were all filled with passengers. The wrecked cars caught fire. The number of dead is estimated at between forty and fifty.

KANSAS CITY, MO. — A hunter, who refused to obey a command that he cease shooting in the park, was shot and killed by Frank Robinson, a special officer, in Swope park. The hunter made no defense. He was identified on the hunter's body.

MILWAUKEE, WIS.—The death of August Pagel, a fireman, makes the ninth victim of the fire and explosion which destroyed the local store and adjoining property of the Goodyear Rubber company on Oct. 26.

PONTIAC — Diminutive eight-year-old Ruth MacGregor, whom her father never saw until she appeared in court, was the chief figure at the MacGregor divorce suit. The father left home in the northwest years ago and has contributed little to the support of the family. The child was born in his absence. The mother lives in Canada. The father, F. J. SPORTING AFFAIRS.

GETTYSBURG, PA. — Two hundred of Eddie Plank's "home folk" honored the veteran pitcher of the Athletics at a banquet. Guests of honor were Manager Connie Mack, Eddie Collins and Harry Davis of the Philadelphia American League club, while baseball enthusiasts from all the nearby towns joined in the event. As a special token a diamond scarf pin was presented to Plank.

NEW YORK—In a hot, desperate ten-round fight which thrilled a huge crowd in Madison Square garden, Willie Ritchie, world's lightweight champion, whipped Leach Cross of this city. From the moment the gong sounded for the first round the men fought like bull dogs, but in the third round Cross had a narrow escape from a knockout.

CINCINNATI, O.—It was reported here that John K. Tener of Pittsburg, governor of Pennsylvania, and a great ball player in his time, had been selected to succeed Thomas Lynch as president of the National league.
