SHAW TO STEP OUT

LEAVES CABINET AFTER SESSION OF CONGRESS

POSSIBLE FUTURE CANDIDATE FOR PRESIDENCY

TWO OTHER CHANGES IN CABINET IN CONTEMPLATION

Washington, Nov. 22.—Secretary Shaw will remain as secretary of the treasury in President Roosevelt's cabinet until the conclusion of the approaching session of congress, and, perhaps, for several months longer.

It has been understood, in a tentative way, that Secretary Shaw expected to retire from the cabinet about the first of February next, if, indeed, he should not conclude to relinquish his official duties before that time. He has, however, been authorized by the president to remain in the cabinet generally, but he is desired to leave the cabinet with a view to greater freedom in promoting his candidacy for the republican presidential nomination in 1908, although the secretary himself never intended to accept the nomination.

Consented to Remain. President Roosevelt and Secretary Shaw had a conversation last Friday in the course of which the secretary consented to remain at the head of the treasury department for another year, by which time he would have completed a full four years' term in the office. It was subsequent to this conversation that Secretary Shaw let it be understood that he expected to retire from official life next February.

President Roosevelt's attention was attracted to some recent publications that Secretary Shaw had presented to him his resignation to take effect next February, or perhaps earlier, and Monday he had a conference with the secretary about the matter. After their interview, it was announced that, at the urgent request of the president, Secretary Shaw had consented to continue as secretary of the treasury until the close of the approaching session of congress and perhaps some time after.

In Complex Harmony. Secretary Shaw's decision to continue as a member of the cabinet detracts materially from the importance of some stories published recently that the president and his secretary of the treasury differed radically on financial matters. The president's high regard for Mr. Shaw, both personally and officially.

At least two other changes in the cabinet have been in contemplation, but it can be said authoritatively that they will not occur until Secretary General Moody, having formed a law partnership in Boston, expressed a desire to retire from the cabinet last July. The president persuaded him to remain for another year, and hopes to induce him to remain in the cabinet until a year from the 4th of next March, or until the close of the fifty-first session of congress, but has yet a definite answer from Mr. Moody on that point. Secretary Hitchcock, of the interior department, also has indicated his wish to leave the cabinet for another year, and hopes to have a definite answer from Mr. Moody on that point.

FOR CLEAN FOOTBALL. President Roosevelt has taken a firm stand.

Philadelphia, Nov. 21.—Dr. William White, professor of surgery at the University of Pennsylvania, and a member of the university committee on athletics, returned last night from Washington, where he had been summoned by President Roosevelt to discuss matters relating to football.

As to what took place during his visit, the president has permitted me to say that we are in complete accord as to the need of the strenuous abolition of brutality and foul play; of the increase of the powers of the officials and of the severity of the penalties as being necessary to bring about such abolition; as to the desirability of careful consideration of any changes in the rules that may be required to maintain clean football while preserving the essential, manly and vigorous characteristics of the game, and as to the urgent need of earnest effort to secure a simple and uniform eligibility code for all American and international athletes. The president said he emphatically believes in continuing the present rule.

Little John's New Chapter. Little John, the famous prizefighter, who has been in the news since he was defeated by Jess Willard, is expected to appear in the ring again in a few days.

SHOCKING DISCLOSURE

Fort Huron Girls Enticed into Life of Shame in Detroit

ONE CASE COMES TO LIGHT

Age-She Tells of Other Cases - Sanilac County Woman Suspected of Carrying on Illegal Traffic

Fort Huron, Mich., Nov. 22.—Evidence of systematic traffic in young girls has been brought to the attention of the county authorities and a searching investigation is being made.

The most recent case came to light when Sheriff Moore returned from Detroit with a 17-year-old girl of respectable family, who had been lured to that city.

After leading a life of shame for several weeks, the girl gladly accompanied the sheriff home to this city. The girl told the following story to the officers.

She was walking along Huron avenue one day, when a woman accosted her. After talking with her some time, an elderly man, who she recognized as the man who had been lured to Detroit, subsequently offering to secure a position for her in a Detroit hotel, with remuneration of \$5 a week and board.

Few Letters Written. The girl's parents permitted her to accept the proposition, and she went to Detroit. Letters were written frequently and those received were noncommittal. The suspicions of the parents were aroused and they appealed to Sheriff Moore.

An investigation was made, with the result that the sheriff and the girl's father found her in a disreputable place in Detroit, to which she said she had been lured about a week ago.

White in Detroit, the girl learned, she says, of from 15 to 20 other Fort Huron girls who had been lured to Detroit in the same manner, and after living shameful lives for months, had no desire to return home.

The traffic has been going on for some time, the girl says, and she is inclined to doubt, but every effort will be made to probe the matter to the bottom. A Sanilac county woman is suspected of having been engaged in the illicit traffic.

It was anticipated that the regiment would be sent to the Philippines, to some superheated post amid the malaria, cholera and water bug infestation of that tropical land.

The change to Alaska is hailed with joy. Fort Seward is located near Skagway.

Allegan Girl to Star in Opera. Allegan, Mich., Nov. 21.—Miss Claire Elizabeth Maenz, aged 19, who has made a hit in her first season this year on the stage, under the name of "Love's Lullaby" for Miss Schumann.

Heinik, has closed a five-year contract with F. C. Whitney, who promises to star her next season. Mr. Whitney was deeply impressed with the young actress's singing Saturday night, in Cleveland, when she sang the title role. Miss Maenz has a beautiful contralto voice.

Three Dead in Wreck. Detroit, Mich., Nov. 21.—Three persons lost their lives in a wreck on the "Soo" railroad. While a south-bound train was taking a curve, another car crashed into the rear of the train. The engine of the second train demolished the caboose, killed the conductor, George W. Smiley, Mrs. Smiley and their infant daughter, aged two years. Mabel Smiley, another daughter, aged 14 years, was probably fatally injured.

Jury Reservatories on Dogs. Grand Rapids, Mich., Nov. 21.—Agostino Robinson, of the state food commission, will conduct a series of experiments to test the effects of different preserved meats, using dogs for this purpose. He has just placed an order with the local veterinary college for 10 dogs.

RUSSELL GOOD WARDEN

Governor Pleaded With His Manager

Marquette, Mich., Nov. 22.—Governor Russell Good pleaded with his manager, the Marquette prison, a model institution, ably and conservatively managed and a credit to the state.

Gov. F. M. Warner thus declared himself in an interview held with the manager of the penitentiary over which James Russell presides as warden.

"I visited every part of the prison," continued the governor, "and I am proud to say that the Marquette penitentiary is doing his 'task' and, in some instances, men are receiving credit for nearly as much more overtime. The daily task for the other warden is from 600 to 700 cigars, and I noted that several men were making from 1,200 to 1,300 per day. The prison books show that the men are making on an average of about \$200 a month overtime, which is an increase of 100 per cent over the average monthly overtime three years ago.

"The monthly drafts made on the warden for the current year for the current expenses of the Marquette prison amount to about \$2,000, as against \$1,000 during the year 1902. This reduction is partly brought about by increased revenue, resulting in the state getting more work out of the men, and a better price for the contractors for the services of the inmates.

ADMITS HIS IDENTITY. Chadsey Discusses Case With the Prosecutor.

Niles, Mich., Nov. 22.—Attorney R. F. Chadsey, pretended not to recognize District Attorney Clark and Attorney McCaffrey in a local justice court Tuesday morning, but in private he is said to have discussed the case with them, and to have admitted that he is Chadsey.

He was returned to the county jail last night, the case having been postponed for a week on his motion, he having no attorney present. Meanwhile Attorney Clark and Attorney McCaffrey in a local justice court Tuesday morning, but in private he is said to have discussed the case with them, and to have admitted that he is Chadsey.

Chadsey's wife has returned to Chicago, and his late employers will not furnish bail for him.

TO ARGUE TAX SUIT. Supreme Court Will Devote Dec. 5 to Michigan Case.

This is the case in which the state seeks to recover from the Michigan Central in back taxes, claimed to be due, the company demurred to the state's bill of complaint and the demurrer was overruled by the court below, whereupon the company appealed.

Prison Trustee Stole Pennies. Jackson, Mich., Nov. 22.—Lewia Beck, one of the singers in the prison choir, was fined for stealing 700 pennies from a cigar machine, which had been forced back to strips. Beck, who is a chocolate-colored mulatto, was sent to the Western state prison in 1901 to receive a seven-year sentence for burglary. He stole the pennies from the Tiffin boarding house near the prison. The money was found in the laundry.

Fall Proved Fatal. Boyne City, Mich., Nov. 22.—John Rose, 37 years old, a carpenter, while working on the roof of a building, lost his balance, fell to the ground, 15 feet below and was killed. He struck the eaves, turned a complete somersault, and landed on his head with such force that he was paralyzed from his chest down. He died after lingering a few days. He leaves a wife and five small children.

Boy Fatally Wounded. Monominee, Mich., Nov. 22.—Floyd Klingstedt, a 13-year-old boy, while hunting quail, near Niles, was struck by the bullet going back through the boy's body. He cannot live.

MICHIGAN BRIEFS. Joseph Cook, living near Muskegon, fell while suffering from heart trouble. He died instantly. His brother died in a similar manner last summer.

Two white pelicans have been shot at Chicago lake by Ira Boughton, of Port Huron, Mich. The presence of the birds in the lake is considered remarkable, as the white pelican is a native of the Mexican Gulf.

Three Millford of Gladwin, has purchased the property on 28 acres, located near Hardwick, a small lumber town, near Standish, and already has camps built and will employ 25 to 50 men several years cutting timber and making logs.

A ring-tail cat, an animal decidedly rare in northern Michigan, has been caught by Herman Thiele, Nonsuch, Mich. It was the first specimen ever captured by Mr. Thiele or his father, and together they have been engaged in trapping for 45 years.

Countless drummer boys have swelled the ranks of foreign regiments. The heart of many a stern officer has been moved to pity for the childish drummers in his regiment. In the critical days of the civil war an order was issued that under no circumstances should a furlough be granted. Just then a drummer boy, a Ohio drummer boy, aged thirteen, became terribly homesick and hungry for a sign of his mother.

Four Little General Scotts. He had been in many battles, always obedient and fearless. But he was beaten at last. His "lip quivered" and his eyes filled with tears. The bandmaster wrote out a brief statement of the case, but carefully avoided asking for a furlough, and sent General Scott with it up the line of officers. Generals Crook, Hayes and Crook each added a line, and then it was held before Sheridan.

Four Men Killed in a New Jersey Laboratory. South River, N. J., Nov. 22.—Four men were blown to pieces Tuesday afternoon by an explosion at the laboratory of the International Smokeless Powder and Chemical Co., at Parlin. They were: John Pierce, Frank Spraford, John Applegate and J. W. Rudolph, superintendent of the laboratory.

What caused the explosion will probably never be known, as only the four men were in the building at the time. The building was a one-story frame structure and because of the faulty structure, was separated from all others in the plant, except one, and a space of several hundred feet. The next building was a stone house in which supplies used in the others were stored. This caught fire and was burned.
