'SOLDIER BOYS' NEXT WEEK. Eaton County Battalion to Hold Encampment in Eaton Rapids. President Callen and Secretary Brown, of the Michigan State Soldiers' Camp Meeting association, in giving out the figures for the attendance at the meeting last Sunday, said that the number at the park on that day considerably exceeded that of any other year in the history of the association for the first Sunday of the annual ten days' meeting. The receipts showed an increase of more than fifty dollars for admissions, over three of last year, and nearly every village and countryside within a radius of thirty miles of Eaton Rapids was represented among the camp meeting visitors. This fact very clearly indicates that the interest in the meetings is not suffering at all but is on the increase. An especially notable feature of the meeting this year, is the unusually large number that come in automobiles, and the arrival by the cross country route up to this time have materially outnumbered those of any previous year. Up to ten o'clock last Sunday forenoon, 189 automobiles had been admitted to the grounds, and this number was fully doubled before the end of the day. Since the meeting opened sermons have been preached by Rev. C. D. Bestwood of Arkansas City, Kansas; Bishop Warner of India; Rev. James M. Taylor of New York city; Rev. Joseph Smith, of the Philadelphia district; Rev. W. G. Nixon, of Topeka; and several others, all of whom have had good sized congregations and have accomplished much good in their work. The young people's meetings conducted by Miss D. Willis Caffrey, the Rineclaire, Wisconsin, evangelist, and the children's meetings under the supervision of Mrs. Joseph H. Smith, have been especially interesting. These have been held at a Kalamazoo ship, and have called out a good number of the young people and children. Bishop Warner, the returned missionary from India, preached Sunday afternoon and gave some interesting facts concerning the missionary work that is being done in that country. At the close of his sermon nearly \$1,200 was subscribed by the congregation for the extension of the work in the India mission field. PUTNAM IS APPRECIATIVE. Commander of G. A. R. Post Eulogizes The Relief Corps. John Putnam, commander of James B. Post of Eaton Rapids, of this city, has a very appreciative feeling for the Women's Relief Corps, the sister order of the G. A. R., and in collecting a few thoughts, expressive of his appreciation of what the Eaton Rapids in general provide for the entertainment, which includes an address by Dr. A. W. Hutobins of Charlotte, music by the Eaton Rapids band and Dimondale drum corps, free coffee, lemonade and a lot of other things. Bring your baskets and cups; Eaton Rapids will furnish the hot coffee, milk and sugar. Friday will be given up principally to the business meeting and breaking camp. If it so happens that work interferes with you coming to the encampment, let the work go, and get busy and accept a place will be reserved for you at the big family table and we should rejoice to have you and the wife and children with us. "You" means everybody within traveling distance of Eaton Rapids, and "we" means all of the people in this town. The invitation is broad and it means what it says. Tag Day Was a Success. The "tag day" collection last Saturday for the benefit of the Michigan Child Welfare Association, was successful. Twelve little girls did most of the work and were rewarded with a neat little book, besides the full consciousness of having assisted in the worthy cause of helping more unfortunate children to receive the treatment for some physical ailment. If anyone knows of cases in or around Eaton Rapids needing immediate attention, it is hoped they will report them to the League building, 218 Chamber of Commerce building, Detroit, or they may consult Mrs. Edward Rank, Eaton Rapids. The Rebekahs will hold a "baked goods sale" Wednesday, Aug. 4, in the lobby of the public library.

Conservatory Players, Opening Day

The Conservatory Players, who do specialties with a great many instruments, interspersed with vocal, other instrumental and ensemble concert numbers, will be heard the afternoon and night of the first day of the Chautauqua.

Baldy Strang, the Harry Lauer of the Chautauqua platform, who appears in costume as a Kansas farmer and as a colonial gentleman; he also wears the "kitties" and plays the bagpipes. A very interesting and entertaining artist. He appears with the Conservatory Players afternoon and night.

Reno B. Welbourn

A wonderful scientist in a most remarkable series of scientific experiments—he will appear the night of the fifth day of the Chautauqua.

Reno B. Welbourn shows how people will see with their ears and hear with their eyes within the next generation. He lights a fire under an icicle for a match and knocks down a pile of blocks at a distance of thirty feet with the shadow of a tissue paper.

A wonderful scientist in a most remarkable series of scientific experiments. The night of the fifth day of the Chautauqua.

The Beverlys

A company of clever young Chicago women, who will sing and play at the Chautauqua the afternoon and night of the fifth day.

The Judge Says ---

Put a package of these real corn flakes—these

NEW Post Toasties

on trial beside a package of any other corn flakes on the market. The jury will bring in a verdict of "guilty"—guilty of being THE FINEST CORN FLAKES ever made.

The New Post Toasties are crisp and appetizing, with a true corn flavour; and they don't mush down when milk or cream is added.

But here's the real test. Take a handful, fresh from the package, and eat them without cream or milk. Mighty good, aren't they?

Notice the little "puffs" on each flake—a distinguishing characteristic—resulting from the new method of cooking and toasting, which also brings out and enhances the wonderful, true corn flavour.

Your Grocer has the New Post Toasties. Try them and bring in your verdict—

Because getting value isn't a question of how little you can pay, but of how much you can get for what you do pay.

That's why every man in Eaton Rapids ought to give his attention to

Hart Schaffner & Marx Clothes

Under Our Right Selling Plan

HERE'S ONE EXAMPLE:

SIGN THE PETITIONS

To Put Liquor Traffic in Michigan Out of Business.

The attention of the electors of Eaton Rapids city, Eaton Rapids, Hamlin and Brockfield townships, is called to the importance of getting their names onto the petitions as the ones, which call for submitting the state wide prohibition proposition to a vote of the electors at the presidential election in 1916. These petitions should be signed up as rapidly as convenient so that they may be turned over in proper shape to the manager of the county campaign as early as possible. The petitions are in the hands of the following committees:

Kerxes and the Hellspout.

Kerxes was furious when a storm wrecked his bridge of boats in the Hellspout from Abydos to Sciois. Not content with having the engineers decapitated, he ordered the infliction of 300 lashes upon the strait and the letting down into it of a set of fetters. Herodotus discards the story that Kerxes also sent lions to brand the strait. But the historian does give the "non-Hellenic and blasphemous terms" which the scourgers were ordered to use: "Thou bitter water, this is the penalty which our master inflicts upon thee because thou has wronged him, though he has never wronged thee. King Kerxes will cross thee, whether thou wilt or not, but thou shalt not sacrifice from any man, because thou art a treacherous river of salt water."

Bookplates.
No book collector should be without a bookplate, and a bookplate once inserted in a volume should never be removed. When the plate is that of a good collector it constitutes an indispensable and adds a certain interest and value to the volume. It was once going through the collection of a friend, and the selection of a bookplate.
