DANIELS & CO.

Eaton Rapids Journal

FAIR EDITION.

EATON RAPIDS FAIR NOTES.

Thursday and Friday will be the big days. Coffee, grown in Eaton county, will be among the exhibits in the grain department.

The exhibit in the horse department and all live stock departments, will be very fine.

Entries are coming in like hot cakes at the Secretary's office at the entrance to the grounds as we go to press.

Dan Mitchell, the dandy pacer of A. H. Darling & Son of Arland, is one of those entered for Friday's free-for-all race.

The farmers' novelty race will be a disappointment to the race idler. No other good attractions will take its place.

Carter's Cornet band of Springport, is on hand to-day to furnish the music of the day. The band is one of the best in the state.

Competent judges state that our Floral hall is far superior in every respect to the same department of any other fair in Central Michigan.

Prof. E. Stevens, the daring aeronaut, with his men are to hand and will make the ascensions strictly as advertised in the program. They are a gentlemanly lot of fellows.

Supt. Minnie has shown his interest in the fair again this year by getting up Floral hall in the most tasty manner possible. The business men are highly commending his efforts and are hustling to get their displays in shape.

Up to last night (Tuesday night) the entries were fully up to the best previous year in number. In the character of the entries they were much ahead. The fruit exhibition, considering the season, will be nothing less than marvellous.

The new poultry sheds are up under the supervision of Pres. Crittenden, who has been putting in most of his time for the past week in the Fair's interest. They will be a great improvement and will bring out the best poultry display at our Fair in many a year.

The set department in Floral hall has been beautified by the addition of a fine piece, artistically executed. This department will attract as much attention as any. It is under the supervision of Messrs. John M. Corbin, J. T. Hall and H. C. Minnie, who are laboring faithfully to make this display a grand success.

The fair will cost one man \$500. This is the sum he pays one member of his family to induce her not to exhibit. And yet the fair will be a success. Thank heaven, few such reproaches are created in any one community. They are always to be found working against the interests of their own town.

Remember that membership tickets admit a man, his wife and their children under 18 years of age, with conveyance, during every day of the Fair. It is the most liberal ticket issued by any Fair association in Michigan and their generosity should not be abused. The Fair is not a money-making institution. If it gets even, it counts itself fortunate.

Some of our merchants claim every year, when asked to help the Fair a little, that "the fair is no benefit" to them. These same merchants always put in extra stocks before the Fair commences.

They know the Fair helps them. Anything that brings the people to a town where otherwise only one would go, is of benefit to every merchant in the town. Their excuse is only to get out from paying their rightful share of the expense.

A Social Session. Those who have not seen the fine display of silver ware at H. Capron's jewelry store, have no idea what beautiful articles he has that are made of this metal. His years of experience have made him aware of the demands of the public, and besides being a careful buyer, he also makes it a point to be a careful seller and his large sales of gold watches, silver ware, etc., are proof that his prices are the lowest.

Entries in the Bicycle Races To-day. In the half-mile race are Claud Bachus, Grand Lodge, L. W. Milbourne, Eaton Rapids, Paul Shephard, Charlotte, R. M. Hulston, Eaton Rapids; O. S. Reeves, Albion. In the fancy bicycle riding contest are S. C. Wilber and R. M. Hulston, Eaton Rapids and Geo. S. Reeves, Albion. The contests promise to be very interesting.

OWNERS of Statehood colts that compete for the special prizes offered by Mr. Smith, should call at the harness store of C. W. Vail and get a halter free of charge with which to appear on the track the second day of the fair.

BRASSER'S Comedians, presenting their latest comedy success, "A Social Session," one of the funniest plays ever written, will be at Red Ribbon Hall, Tuesday, Sept. 27, at 8 o'clock. The comedians are: Black, Harkness, and Smith.

In this locality the worst thieves, it is said, are those who steal the goods of the fair. These thieves are a disgrace to our community and should be severely punished.

THE MINNEAPOLIS bicyclist, John S. Johnson, made a mile in 1:50 on the Minneapolis-Kille-shield track on Thursday.

HUGHES & WHEATERS, the owners of the water power, have put in new head gates at the head of the race near the upper dam. They will shut the gates down every Sunday so as to throw more water into the lower channel of the river at least once a week.

BUZZ printed at THE JOURNAL, job shops announce a public auction sale of a large lot of horses, 35 sheep and several other farm truck belonging to Paul Corwin on the Mackay farm, Wednesday, Sept. 28, at 10 o'clock, at Eaton Rapids, Mich.

THE THIRTEENTH FAIR. A Flattering Opening Day for the Exhibition. If the weather had been ordered expressly for fair purposes, the clerk could not have delivered a better day than the first day of the thirteenth annual fair of the Eaton Rapids Union Agricultural Society. The morning was clear and cool, but as the sun began to make its presence manifest, the heat was equal to a mild summer day, and both old and young, seemed to rejoice at the pleasant prospects.

The exhibits in many departments were not as large as on other first days, but in the Floral Hall, the display was of a noticeable character. There was a noticeable display of several mercantile houses of the city that was proof that they know how to show goods, and also that they have as fine goods as the dealers in any city of the state of the west of our own city.

As we enter the hall from the north door, the first display on the right is that of Messinger & Pettit, hardware merchants, consisting of stoves, gas, household articles and a case of the cutlery, all arranged in an attractive manner. The next is that of H. Kestelack & Bros., the first display on the right is that of the dry goods and clothing and carpet dealers, and with the chumbe dresses and the cloaks and jackets, together with fine clothing, their display was much admired and a credit to their house.

The next is the display made by the Eaton Rapids Ice Co., one of our home industries, in the hands of men who sell their goods on their merits, and it was pleasing to see the stamp of our own city on such a fine display of axes, knives, chisels, stone hammers, etc., and know that they were in competition with many larger institutions, but were able to keep their end with the best of them. W. D. Brainerd & Co. had the kettle on, but not having time to stop and take tea, we were convinced that they would soon be at the fair with a display of the cheering cup of their fragrant tea.

Further on we came to a handsome case filled with silverware from the jewelry store of H. Capron. Both case and ware were but a sample of what might be stocked with the latest novelties. In the south wing J. Blacker, the merchant tailor and clothier has a case filled with a decidedly noble line of neckwear, also collars and cuffs. He shows much interest in exhibiting, which are much admired by all of our friends. In the middle line E. J. Gifford, agent for S. B. Smith & Co., of Jackson, has pianos and organs of the A. B. Chase make that are too well known to need comment on their merits. They also show a Sterling organ, which combined the piano and the organ in one. The display of dry goods and cloaks by Manche's one price house would do honors to many fairs. Rich and heavy portieres were draped from the ceiling, the room being hung with fine goods. They were arranged in beautiful and important patterns, in front of a striking line of light-colored cloaks, alternating with handsome changeable silks, decked in cantile trimmings. In the center was a large case of common silks and chiffon hoods, etc. From the top hung a big umbrella trimmed with different colored handkerchiefs. Rhoads & Montgomery, photographers, have samples of their work on exhibition, done in an artistic manner. They certainly show some fine work. In the east wing is the exhibit of the F. R. LeFever Furniture Co., consisting of many articles made by this concern, an enterprise that the people of this city and vicinity should take pride in aiding with their patronage at least. The factory was started and is run without any loss from the people, and deserves their patronage. There were many other features and exhibits we will mention to-morrow.

WEST EATON RAPIDS. News of the Week Furnished by Our Regular Correspondent. A. C. Dodge of Charlotte, was in this vicinity on business, last Monday. Mr. and Mrs. Oberhafer of Clinton, stopped a few days with Geo. Bell and wife. Caroy Hainey was in Eaton Rapids on Tuesday. Jas. Reynolds is improving after a four weeks' run of typhoid fever. The Capell house, recently purchased by Mr. Wilson of the city, is being thoroughly repaired and improved. Dr. D. P. Dorrance of Charlotte, stopped over a few days with his brother, A. G. Dorrance, on his return from the Hilledale conference. Will Root has moved from Gram Lake to M. Chevrolet's farm, which is being worked by W. Shaw. returned last week from Williams county, O. He reports light crops with potatoes, and fruit a failure. T. Driscoll left the first of the week on a business trip to Toledo. J. B. Duggan of Moscow, via

LOCALS.

A Social Session. The thirteenth Fair begins to-day. All kinds of soft drinks at John April's.

Stomachers complain that squirrels are scarce in this section. All kinds of cold lunches and soft drinks, at Meach's took the recent teaching.

Forty teachers took the recent teaching examination in this city. The second story of Chas. Stevenson's chink store is being fitted up for living rooms.

The Eaton Rapids House had 58 at dinner on Sunday. The table at this hotel is always up to the times.

Over 2,000 loaves of bread were shipped by the Star bakery last week. The new oven, 12 by 14, is a fine one.

CITY Treasurer Willis says that all who hold orders against the city should get them cashed as soon as convenient.

FOUR COPPER BOILERS, representing savings of \$700, were on the streets this week, with a performing chimpanzee.

Clyde Backus of Grand Lodge wheeled over to N. Howell's last Thursday evening to see his cousin, Sydney Robertson.

A LADY'S pin, three small sets, on a brown bow, was lost in town last Saturday. The finder will kindly leave at this office.

TRADE with the home merchants. It is the only right and safe way of doing business. It also helps to build up Eaton Rapids.

SCOTT H. ROBERTSON, the shrewd Hamlin stock buyer, bought a long wheel buck from S. R. Crittenden last Saturday. The next day he was killed by a lightning stroke.

THE "Aome" heaters, made by E. F. Knapp, the hardware dealer, are the great fruit savers in the country. Knapp also saves you money on hardware, and his Gold Coal stoves make it hot for all competition. Call and see him.

REV. T. H. JACKES and family have moved here from Middleville and purchased the Fayette Osborn house in the south part of town. Mr. Jackes is a retired M. E. minister and looks upon Eaton Rapids as a desirable residence town.

OWN of Eaton Rapids' needs is an enlargement of its electric light facilities. The present dynamo is over-taxed and the system is not as extended as the size of the town would warrant. A good incandescent system would doubtless be profitable and just about supply the deficiency.

S. H. CRITTENDEN of Hamlin, is one of those farmers who runs his farm on business principles. He believes in knowing exactly what each separate department on his farm realizes him. One item is that this year from 16 ewes he realized in wool and lambs sold \$145.80. Every successful farmer is as careful in his business methods as the successful merchant.

AN umbrella for bicycle riders is the latest novelty, but it has not yet been introduced in Eaton Rapids. The umbrella is made to fasten in an upright position to the handle of the machine and can be used to keep off rain and sunshine from the rider, and when not needed it can be closed in a small space and will not interfere with the work of the wheelman.

BEAR MOORE, who is employed at the LaFever furniture factory, met with a painful accident while working at the shaping machine last Friday afternoon. In some way his hand caught in the knives and he lost the second, third and fourth fingers. Dr. Bradley was called and took off the fingers and dressed the hand, making the patient as comfortable as possible. Moore was an unusually cautious workman and is unable to tell how the accident was caused.

A XOXO on Constable Elias Rogers has just come out, that's worth the telling. While Thos. Williams, the M. C. target man, was away on a visit recently, his substitute "babled it" at Mr. Williams' house. A passer-by seeing a strange man enter the house and knowing that veteran targetman was away, suspected crime and notified Constable Rogers. The Geo. Elias, with visions of fat fees picturing in his brain, tolled out in that part of town in one of the hottest suns of the summer. It was after fully an hour's detective work and much walking, that is burden to his 275 lbs. avoirdupoise, that he finally learned from section men that the man was not a tramp or a house-breaker. Constable Rogers hasn't yet told the joke.

A Social Session. If you are hungry, go to O. A. Meacham's restaurant.

THE MINNEAPOLIS bicyclist, John S. Johnson, made a mile in 1:50 on the Minneapolis-Kille-shield track on Thursday.

HUGHES & WHEATERS, the owners of the water power, have put in new head gates at the head of the race near the upper dam. They will shut the gates down every Sunday so as to throw more water into the lower channel of the river at least once a week.

BUZZ printed at THE JOURNAL, job shops announce a public auction sale of a large lot of horses, 35 sheep and several other farm truck belonging to Paul Corwin on the Mackay farm, Wednesday, Sept. 28, at 10 o'clock, at Eaton Rapids, Mich.

THE THIRTEENTH FAIR. A Flattering Opening Day for the Exhibition. If the weather had been ordered expressly for fair purposes, the clerk could not have delivered a better day than the first day of the thirteenth annual fair of the Eaton Rapids Union Agricultural Society. The morning was clear and cool, but as the sun began to make its presence manifest, the heat was equal to a mild summer day, and both old and young, seemed to rejoice at the pleasant prospects.

OFFICIAL PROGRAM.

Following is the official program for today's Fair. Every exhibitor is urged to have his exhibit in place by 9 o'clock in the morning. The fun commences at once. All entries close this day, except Bicycle Races, which close each night before the race, and in Horse Races, where entries close on Monday night, Sept. 26.

1 P. M. Band Concert by Springport Cornet Band, which will furnish music through the races.

2 P. M. THREE-YEAR-OLD STAKE RACE. NOVELTY TEAM RACE: First half mile, walk; second half mile, trot; third half mile, go-as-you-please. Only open to farmers' teams that are used throughout the year for general farm work.

HALF-MILE BICYCLE RACE, best three in five, for ordinary and specialists; First prize worth \$5; Second worth \$3; Third worth \$2.

FANCY BICYCLE RIDING. First prize worth \$3; Second worth \$2. Bicycle races will be sandwiched-in with the Horse Races.

MUNGER & PETTIT: The leading Hardware merchants offer anything in their store to the amount of \$5, to the person winning the Half-Mile Bicycle Race.

H. A. STRICKRODT, proprietor of the Star Bakery, offers the following prize: To the person coming in second best in the Half-Mile Bicycle Race, any goods in his store to the amount of \$3. To the person coming in third in the same race, any goods in the Star Bakery to the amount of \$2.

W. D. BRAINARD & CO.: druggists and tea men, offer to the winner of the Fancy Bicycle Riding contest, goods in their store to the amount of \$3; second best, goods worth \$2.

P. M. BALL GAME, Eaton Rapids vs. Antrim.

P. M. SHARP, BALLOON ASCENSION and parachute drop by Prof. Stevens.

When you feel the pangs of hunger, go to Meacham's and eat.

LITERARY NOTES. It is worthy of note that while the October number of the North American Review will contain an article by Mr. Gladstone, under the head of "A Vindication of Home Rule," the November number will contain an article by the Rt. Hon. A. J. Balfour, from a distinctly opposite point of view.

There's no place in this city where you can find as large an assortment of CIGARS! As at the popular DRUG STORE of G.D. WILCOX & CO. THE ONLY DRUG STORE on the East Side of Main street.

Headquarters for all those who attend the FAIR.

THE ANDERSON STORE

Has more than 10000000

Always recognize the fact that custom made garments out last by 50 per cent. a garment which is not custom made. We order for the individual, not to job lots. A trial solicited. Satisfaction guaranteed. Respectfully yours, J. W. YOUNG, Merchant Tailor.

PERSONAL NOTES.

George Curran's letter of acceptance was sent out on Tuesday morning. The Republicans have looked their chance for Saturday general, G. J. Dickson for a speech in Eaton Rapids, on Oct. 31. C. E. Balkany of Kent County, has been recommended for congress by the fifth district republicans. Geo. T. Richardson of Ottawa, is the democratic and people's party candidate.

Hon. Frank A. Dean will talk democracy at Stockbridge, Wednesday afternoon, October 6; Mason, Thursday evening, October 6; Williamson, Friday evening, October 7; Oscewa, Saturday evening, October 8.

The Ingham county republican ticket is as follows: Albert E. Coles, Lansing, probate judge; Frank H. McEwen, Alden, sheriff; James Blackmore, Leslie, clerk; L. B. Gardner, Lansing, prosecuting attorney; H. J. Board, Delhi, treasurer; Bert C. Rosecrance, Williamson, register of deeds; William A. Preece, Lansing, and James Wheaton, Leslie, circuit court commissioners; H. D. Bartholomew, Lansing; surveyor; E. S. Bula, Lansing, and M. S. Covert, Leslie, coroners.

There is anything you want, besides speed, go to VAIL'S and get it. The Best Harness for the least money. The finest line of Blankets, Robes, Whips and General Horse Goods in town. He supplies the trotters, the carriage horses, the plow horses, and horses for all work with harness. Pratt's Pool for Cattle and Horses for sale. Don't let your horses wear an old, shabby harness, when you can get a new one so cheap and substantial of
