Bounty on Fox In County

Supervisors Authorize Bounty of \$3. A fox taken on Sheep Killing Dogs

The first real threat against the red fox menace in Eaton county was the adoption of a resolution by the board of supervisors, which passed its resolution Saturday, authorizing the payment of a bounty of \$3 for the carcass or pelt of any fox killed in the county, except where whelped in captivity or captured or killed by a method prohibited by state law. Application must be made to the township clerk within 48 hours after the animal is killed, and the pelt must be in condition to handle.

The alarming increase in the number of red and other breeds of fox species has resulted in damage and destruction of all varieties of poultry, wild game and possibly live stock. This is the first time in the history of the county that it has paid a bounty on fox. The proposition was considered last year but no action taken. Early this year has been paying a fox bounty for a year and the supervisors there was likewise honored.

The county's financial budget for the coming year totals up to \$129,841 and includes the following items:

County officers' salaries \$54,000
Agricultural Extension 2,000
Kardel's Salary Supplement 500
Support of Inmate 2,000
Hayes-Green-Beach Hospital 8,000
County Farm 2,000
Crippled Children 2,000
Children's Aid Society 55,261.94

One of the principal issues this session was the numerous claims for the killing of sheep by dogs. A majority of the claims were said to come from the northeast section of the county. Because of the widespread damage done to livestock by marauding dogs, the supervisors adopted a resolution urging state legislators to enact legislation empowering the department of agriculture or other proper authority to invoke a quarantine or other restrictive regulations when deemed necessary for the control of dogs.

Ray Presmie, township clerk of Sunfield, was appointed member of board of directors of Hayes-Green-Beach Memorial hospital in Charlotte to fill vacancy caused by the failure of president H. R. Moorehouse of Olivet to resign.

A demonstration from a police car of sending and receiving police dispatches by radio system was made at the court house by Mr. Walker of the Lansing state police. The first-class claims committee was appointed to investigate cost of installing system in county. The committee was given authority to purchase cars, with power to purchase and install if advisable.

Supervisors Holden of Carmel, Lindsey of Eaton Rapids city, and Bills of Grand Lodge were appointed to act as Santa Claus in inmates of the county infirmary. Over \$6 was collected from board members for this cause.

The proposition of board giving financial support in securing supplemental rural school teacher was tabled indefinitely.

A resolution was adopted that county officers required by law to make reports to county treasurer do so promptly. Those delinquent shall file a report for the year to date. The prospector is instructed to enforce the resolution.

The soldier relief committee reported over \$400 on hand.

Third-class claims committee gave its consent to the loaning of the copy of the original plat of the city of Eaton Rapids to Harvey Williams for having photostatic copies made, providing the city agrees to replace or pay for such copies in case of loss or damage.

OAA Percent Lower

975 Persons 65 Years of Age and Over in Eaton County Received Aid

The following figures released by Julius T. Michel, supervisor of the Eaton county Bureau of Social Aid, are based on the 1940 census and the August, 1948, caseload, showing the percentage of population in Eaton county 65 years of age and over which receive old age assistance.

Compilation for the entire state showed that 26.6 percent of the person 65 years of age and over are receiving old age assistance. A similar compilation two years ago based on the 1939 census, showed that 25.8 percent were receiving old age assistance. The percentage decrease is due to the fact that the number of persons 65 years of age and over increased by 30 percent from 1939 to 1940, while the caseload has decreased nearly four percent since August, 1941.

The census disclosed that 6.3 percent of the state's population are 65 years of age and over. This is an increase of 1 percent over the 1930 figure.

The following shows population 65 years of age and over, based on the 1939 census:

Population Eaton—34,124; persons 65 years of age and over, 6,200; Aug. 1948, 6,200; 95% percent of persons 65 years of age and over receiving OAA, 26.1.

Honors Given Boy Scouts

Group of Charlotte and Eaton Rapids Men Presented Boy Scouts Their Badges

New advancement honors came to Boy Scouts of Eaton Rapids Troop 22 of the Methodist church, and V.F.W. Home Troop 53 Tuesday evening, when men of Charlotte and Eaton Rapids gathered at the high school for the annual meeting, followed by Board and Court of Review, and the presentation of badges.

Louis Schmidt presided at the Board of Review, assisted by Geo. Lockwood, Harold Gillett, Charles Miller, Russell McCormick, John Simpson and L. L. McNamara. Friends of the troop, including the Scoutmaster, Fred Knapp and John Kitzmiller of Troop 52 brought honor to Scoutmaster Ted Lyon and all received the rank of Scout rank from Mr. Schmidt. Robert Palmer of V.F.W. Home Troop 53 was likewise honored.

At the same time the Court of Review, presided over by Judge Nelson, Messrs. Louis Schmidt, Carey of Charlotte and C. Paul Letts, personally interviewed five candidates for the rank of Star Scout, and certified Ray Firebaugh of Troop 53, with Harold Marshall, Ronald Brown, Fred Knapp and Floyd Weymouth of Charlotte, Troop 44. Merit badges were presented by Scoutmaster Ted Lyon and Scoutmaster Fred Knapp to John Stoltz, Bob Stoltz, Charles Hovey and Charles Nichols, all of the high school, and to several Charlotte Scouts. A special interview last Sunday afternoon, October 11, was held at the home of Mrs. A. J. Neits, and approved the application of Miller, John Stoltz, Fred Knapp, C. C. Neits to John Stoltz, Bob Stoltz, Charles Hovey and Charles Nichols, all of the high school, and to several Charlotte Scouts. A special interview last Sunday afternoon, October 11, was held at the home of Mrs. A. J. Neits, and approved the application of Miller, John Stoltz, Fred Knapp, C. C. Neits to John Stoltz, Bob Stoltz, Charles Hovey and Charles Nichols, all of the high school, and to several Charlotte Scouts.

Neighborhood Shopping Saves Gas

These three women have pooled their shopping trips and use one car. They find trips together save gas, tires, and car-wear, and greatly increase their neighborly feeling.

Get Book 4 At School

Book 4 Will be Issued Tuesday, October 26. Fill Out Form, Bring Book 3

Superintendent of schools H. A. Nelson announces that War Ration Book No. 4 will be issued at the high school, Tuesday, October 26, between the hours of 8:00 and 9:00 p. m. Applicants are asked to fill out application form before coming to the registration center. The forms may be secured at the school office. Also be sure to bring ration book number three in order to secure book number four.

Michigan State Troop News

An outstanding attendance plus several new enlistments this week, evidenced the deep interest held by men of this locality. The new enlistments were Joe Keith, Neil Cochran, Neil Carpenter, William Dunning, Donald Paige, Milan Tappan, and Nyle Trooler. Honorable discharges were issued to Earnest H. White and William E. Brakes. Upon their induction into the federal service.

After the regular drill period, a surprise birthday party was held in honor of Capt. Kirdel, commanding officer. The complete company was served refreshments by Mrs. Kirdel, assisted by Mrs. James E. Carr, Lt. Peter Cautios presented Capt. Kirdel with appropriate gift, in the name of the company.

Announcements were made concerning the Game Hunt and dinner on Sunday Oct. 24. Members participating, should be at the Army by 2 p. m. and bring with them, in addition to their game, their own service, bread, butter, sugar and a dish to pass. All wives and sweethearts are most cordially invited to attend. The dinner will be under the capable direction of Sgt. Stewart Ward.

Every member of Company "C" is urged to be present for federal inspection Tuesday, Oct. 26th.

Pierce-Rasmussen Cardinals Lost By 14 to 6

Last Friday Grand Lodge won — The Friday We Play Extra Lansing

The Eaton Rapids football team traveled to Grand Lodge for their third conference game and their second game under the lights last Friday. Going into this game the record of the local team had but one blinding win, a 14-0 with Everett in the first game, consequently the team was a bit over-confident and Grand Lodge won the game by 14-6.

Eaton Rapids kicked to Grand Lodge and they fumbled on their seven yard line. The fumble was recovered by E. R., but they did not have drive enough to score. An offside penalty on first play and an injury on third which took Milton Jones out of the game combined to let the Cardinal drive on the one yard line. At this point Grand Lodge took over the game. Mrs. Rasmussen is a graduate of Eaton Rapids high school, class of 1922, and is Clear Business college, Ypsilanti. She has been until her marriage, employed at the Eaton Rapids Light and Water Commission in Lansing. Mr. Rasmussen is a foreman at the Reoplat.

Get Book 4 Anniversary At School

Special Sermon and Music Will Be Given in Honor of Occasion

Services at the Congregational church Sunday, October 24, will commemorate the 10th anniversary of the founding of the church by the pastor, the Rev. Matthew A. Vance, D.D., in charge of the services. Special music will be given by the choir with a violin solo, Yone Poem by Kreidler, rendered by Mrs. Mable Blackett. Mrs. Kathryn Quick is pianist for the service.

Rev. Vance's sermon will be in keeping with the occasion.

Party Honors 84 Year Olds, Others

A very enjoyable evening was spent at the home of Mr. and Mrs. Frank Abel October 12 when about 20 friends gathered to honor the birthday anniversaries of Mr. Abe, Mrs. Ellen Morton, Mrs. Herbert Sauntman and Mrs. Garrett Sims. A beautiful chicken dinner was served after which gifts were exchanged. They will meet next year at the home of Mr. and Mrs. Abel and Mrs. Morton were both 84 years old and are looking forward to meeting again next year.

Writes Series for Magazines

In the August issue of Home Garden magazine is the first of a series of articles by Clara Stinson Coffey, landscape architect. Mrs. Coffey, who is the daughter of the late Dr. Charles Stinson, was born in Eaton Rapids and attended school here. She graduated from the Liggett School for Girls in Detroit and attended the University of Michigan, receiving her Master's degree in landscape design under Prof. [Name].

Since then she has lived in New York and is now second assistant to Earl Andrews, eminent engineer and architect.

Don't Burn Leaves On Pavement

The city commission finds it necessary to warn residents against burning leaves in small or large quantities on the pavement. This is to prevent damage to the paved streets, the possibility of fire present time being impossible to prevent. Each member of the commission is making the proper suggestions in burning your own leaves.

PIGEONS IN HIS MAJESTY'S SERVICE

There was seldom an hour during the months he was a pilot at H.M.C.S. King's College, Halifax that Petty Officer Woodfield didn't think about pigeons.

Today Woodfield is a petty officer in the R.C.N.'s communications branch. On the West Coast he has a newly constructed pigeon loft overlooking the sea.

A little over a year ago Woodfield wrote a letter to his commanding officer. It was about pigeons and how they could serve the Navy.

In his letter Woodfield had said some things which might have aroused not only surprise—but doubt! For instance, he said he didn't think the navy would have to invest any money in pigeons.

"What I meant to convey was," Woodfield says, "that if I knew my pigeon fanciers—and I was sure I did—I would be able to obtain the finest types of birds without spending a nickel." He had an implicit faith that fanciers would donate their finest birds to the Naval Service.

"And they did," he declares. "I recruited birds from fanciers in Victoria, Vancouver, Edmonton, Regina and Winnipeg. I told them I wanted young pigeons. I asked them to breed pigeons for me and to send them to me while they were young. That's what I wanted—young pigeons, fine, young thoroughbred pigeons. I asked them to regard it as a piece of their war effort."

"Flying over water is against a pigeon's nature," Woodfield explains. "They are a land bird. I know of one bird taken to sea for training flight who took off from a signalman's hand, circled the ship and tried to land again on the signalman's hand. When the bird did cover he could not land, he went up high and headed for home. There are many problems, including fog and storm and gale. We've got to get and train birds to fly over open water through the fog and storm."

Woodfield trains his birds one, two and five miles out in the line of flight until they reach the radio area from which they will work. The petty officer explains that pigeons fly by instinct and by sight.

"Our main idea is to breed and train enough birds to attack all the ships out here," Woodfield says. "And we'll need plenty of the right kind of birds properly trained. In fact, we are still open to any fine birds which fanciers across the country would like to ship to us at H.M.C. Dockyard, Esquimaut."

"We've got to be careful with what we have until we've bred and trained a sufficient number of birds to do the job thoroughly. We've done them over 60 miles of open sea and they've made it in two hours—flying by instinct, mind you."

Petty Officer W. H. Woodfield, R.C.N., is shown with one of his trained pigeons. A passenger-fancier, he is now successfully training pigeons to fly through fog, snow and rain, from ships at sea—bringing important messages to shore bases. (At top) An R.C.N. sailor releases two pigeons from a ship at sea. The one on right is a little slow in getting his landing gear up, but his training has been adequate and he will soon be winging his way shoreward.

Women and Children Fill In Manpower Gap

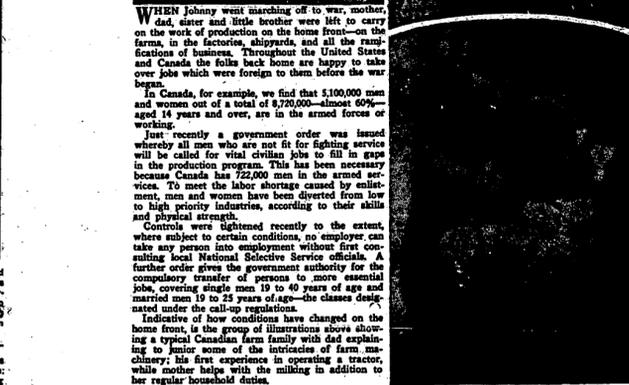

WHEN Johnny went marching off to war, mother, dad, sister and little brother were left to carry on the work of production on the home front—in the farms, in the factories, shipyards, and all the ramifications of business. Throughout the United States and Canada the folks back home are happy to take over jobs which were foreign to them before the war began.

In Canada, for example, we find that 5,100,000 men and women out of a total of 8,720,000—almost 60%—aged 14 years and over, are in the armed forces or working.

Just recently a government order was issued whereby all men who are not fit for fighting service will be called for vital civilian jobs to fill in gaps in the production program. This has been necessary because Canada has 722,000 men in the armed services. To meet the labor shortage caused by enlistment, men and women have been diverted from low to high priority industries, according to their skills and physical strength.

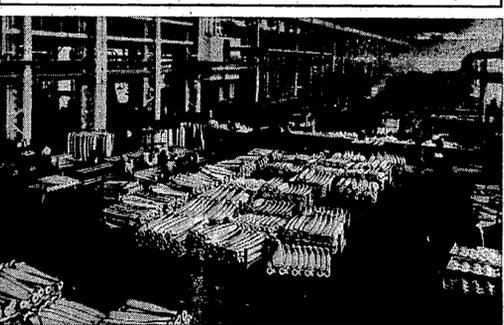

Controls were tightened recently to the extent, where subject to certain conditions, no employer can take any person into employment without first consulting local National Selective Service officials. A further order gives the government authority for the compulsory transfer of persons to more essential jobs, covering single men 19 to 40 years of age and married men 19 to 23 years of age—the classes designated under the call-up regulations.

Indicative of how conditions have changed on the home front is the group of illustrations above showing a typical Canadian farm family with dad explaining to junior some of the intricacies of farm machinery, his first experience in operating a tractor, while mother helps with the milking in addition to her regular household duties.

Kenneth Pointer was discharged from the army a few weeks ago because of bronchial asthma. This operation required the work of four men for four days. The threshing was completed in 2 1/2 days with 1200 bushels picking 1 percent.

Propeller Blades to Power "Wings of Victory"

The blades that put the power into the wings of Victory aircraft factories are attaining record proportions. Propeller blades are forged from aluminum bar stock on giant forging hammers in this vast unit of the special of great aluminum forge plants in the Chevrolet manufacturing system, plants whose combined output of aluminum aircraft forgings is attaining record proportions. Propeller blades are forged from aluminum bar stock on giant forging hammers in this vast unit of the special of great aluminum forge plants in the Chevrolet manufacturing system.

THE POCKETBOOK OF KNOWLEDGE

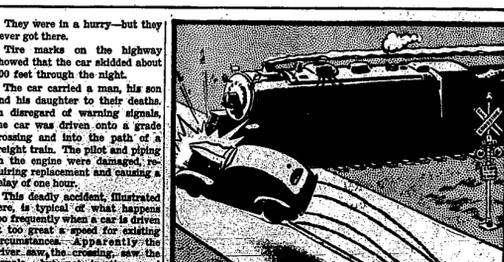

WOMEN NOW MAKE UP MORE THAN ONE-THIRD OF THE TOTAL POPULATION OF CANADA.

WALKER-TALKER ONE-WAN TRAP STATIONS AND ICE TRAP STATIONS ARE NOW ON SHIPPED FOR COMMUNICATION WITH NEARBY BOATS.

INDUSTRY IS BUILDING A 15-TON MACHINERY FOR THE CANADIAN ARMY.

Look! Listen! Live!

They were in a hurry—but they never got there.

Tire marks on the highway showed that the car skidded about 300 feet through the night.

The car carried a man, his son and his daughter to their deaths. In disregard of warning signals, the car was driven onto a grade crossing and into the path of a freight train. The pilot and piping on the engine were damaged, requiring replacement and causing a delay of one hour.

This deadly accident, illustrated here, is typical of what happens too frequently when a car is driven at too great a speed for existing circumstances. Apparently the driver, now, the crossing, saw the signals—but not in time and skidded onto the tracks.

The National Safety Council is conducting a special campaign to stop these accidents, which every day delay 38 trains a total of 23 hours, and cost lives.

Driver carelessness is the cause of almost all these grade crossing accidents, according to the Council. To help you see to it that you yourself, and others needless not start accidents, the Council asks you to see the track is clear before you start across.

Home Storage of Big Potato Crop is Urged

Consumers Asked to Prevent Any Waste of 50 Million Bushels of Potatoes; Sales Drive to Aid Government

American housewives have it in their power to prevent a waste of 50 million bushels of potatoes for which there is no available commercial storage space.

Cooperating with government efforts to move this surplus into home storage, A & P Food Stores will continue a sales drive from Oct. 21 to Nov. 6, it was announced here today by C. Wall, vice president in charge of the company's operations in this area. To further this program, federal food agencies have designated potatoes the "Victory Food Selection" during this period.

Wall said potato growers will produce a history making crop of 489,245,000 bushels this year, 98 million more than last year and 41 million bushels more than in any previous year.

Increasing demand for fighting foods and restricted supplies of many rationed items, some of which are being produced in this area, will be needed to meet military and civilian requirements.

Those who buy for home storage will be helping a patriotic service by assisting the government in solving a serious problem and, in addition, showing foresight in providing for their families an adequate supply of this staple food throughout the winter.

The food chain executive pointed out that the following procedure is recommended for successful home storage:

"Potatoes keep best between 34 and 55 degrees. If the storage room is not rather dark, the potatoes should be covered with papers or bags. Most varieties store satisfactorily until mid-winter. They should be free from dirt, bruises, blight rot and dry rot, and be mature."

Norman Jean Snow, daughter of Mr. and Mrs. Homer Snow, suffered a broken arm Sunday and Sharon Harkness, daughter of Mr. and Mrs. Carl Hamman, broke her arm Tuesday, both while playing.

Several women of the Rebekahs are attending the assembly proceedings held in Lansing this week. They will take the degree of chivalry Tuesday evening. They are Mrs. Blocker.

Guy Yerxa will be leader of the Handicraft club in the Petrieville school, Eaton Rapids township, with Melvin Yerxa as president, Herbert Beck, vice president; Dale Smith, secretary and Bobby Baker, treasurer.

Farmers selling whole milk or cream should keep records of their sales as well as their feed purchases to be eligible under the government subsidy program that was started sometime ago. More information will be available later.

Mrs. Walter Hughes and daughter of Jackson were week end guests of Mr. and Mrs. Phil Squires, Mr. and Mrs. C. Z. French and son and Mr. and Mrs. Wendell French and son, all of Jackson, were Sunday callers at the Squires home.

Court News

Floyd Peterson, 71, of Eaton Rapids, charged by last week's Judge McDonald in circuit court with a charge of drunk driving on the Charlotte-Eaton Rapids road last June, appeared in court Tuesday and was sentenced to pay \$50 fine and \$20.00 costs, or in default to serve 90 days in jail. He paid. This was an appeal from his justice court sentence of \$40 fine and \$20.75 costs, and 30 days, or 60 days in default of payment.

Ernest Harry Cuykendall, 17, of Brary county, charged with attempting to murder his uncle, Clarence Field of Kalamo, the accused count being felonious assault with a dangerous weapon, appeared in court and pleaded guilty to the first count. He was remanded to the custody of the sheriff without bond pending sentence. It had been held for a lack of \$5,000 bail.
