Letter from the Editor

This week's editorial takes the form of an open letter to U. S. Senator Philip A. Hart. We are forwarding a copy to Senator Hart with a request that he answer the questions we raise and give us permission to publish that answer in a subsequent issue of the Journal.

Dear Senator Hart:

I have received within the past few days from your office a copy of excerpts from your remarks in a recent Detroit talk advocating passage by Congress next year of the McNamara-Hart School Construction Bill. This bill, as I under-

stand it, would provide federal funds to be used, when matched about 50-50 by state funds, for construction of some 2,800 school classrooms in Michigan.

This is a particularly pertinent matter to our Eaton Rapids School district which faces the apparent necessity of building some 40 or 50 classrooms in the next year or two.

I should like to ask some questions, in all sincerity, about the federal aid program you propose and will be happy to pass on your answers, with your permission, through the columns of the Eaton Rapids Journal.

1. You stated that the need for classrooms is "beyond the means of local communities to pay for alone." Does your bill contain a method of raising the money it would cost? Or would it be borrowed by the federal government and added to our already staggering federal debt?

Wouldn't we, the people of the Eaton Rapids School district, have to repay this money sometime, whether we borrowed it on a local bond issue or received it as a federal "grant" or gift?

2. It appears that the people of this school district are going to be asked, within the next six months, to vote a \$2 to \$3 million bond issue for new school buildings. Would you recommend that this proposal be dropped, or defeated at the polls, in the hope that your bill will be passed in 1960 and we will get at least half of the cost of our new buildings from federal government?

3. If we do pass a local bond issue to be repaid over some 20 years, is there some provision in your bill to forgive us part of our federal taxes? Or will we be put in the position of paying for our own schools and someone else's too?

You may be interested to know that the taxpayers in the City of Eaton Rapids had an example of that not long ago. We bonded ourselves to build a sewage treatment plant just before

the federal government started making grants to local communities for that purpose.

4. If the state of Michigan will have to match the federal grants to get aid under your bill, where is the state to get the money? As you probably know, state funds allocated for local school operation are already insufficient to meet the need. Surely this "state aid" couldn't be tapped for the matching funds for school construction?

Would your bill permit the Eaton Rapids School district to raise 1 1/2 millions and get a direct federal grant for a like amount?

5. Who is going to determine if Eaton Rapids is eligible for federal aid in the first place? We have no bonded school indebtedness at the present time. Would that be used against us in obtaining federal aid? Would the districts already paying high taxes for debt retirement be considered more "deserving" than a debt-free district such as ours?

These are the major questions that I have at the present time. I sincerely hope you can find time in your busy schedule to give us the answers.

Yours very truly,
Arthur W. Carstens, Publisher

Don't Fall on Your Ear!

AND ALL OTHER DISSENTS THAT

Let's Keep Our Area Accident-free

This fall, 32 members of the Eaton Rapids chapter of the Future Farmers of America are taking part in a corn-belt wide campaign to prevent all types of corn harvest accidents—BEFORE THEY HAPPEN.

Members of the Eaton Rapids chapter will try to visit every farm family in the community. They will review with the man in the family the rules for safe operation of corn harvesting equipment, reminding him that his responsibility includes his family and community.

The farmer who agrees to follow these rules will have a "Safe Operator" sticker placed on his tractor as an outward sign of his cooperation. In addition, the farm wife will receive a "Remember" card to place on the dining table to remind both her and her husband that safety is a family affair.

"Farm equipment is designed for safe operation, but the operator must follow safe operating rules," says David Treadwell, president of the Eaton Rapids FFA chapter. Efforts of the state FFA members, along with those of many other interested organizations, individuals and farm equipment dealers, are cutting down the number of corn harvest accidents.

Extension News

The North Eaton Rapids Extension group met with Mabel Bellows Thursday, Oct. 15. There were 12 members present.

Mrs. Dewey Clarke was the guest project leader and gave an excellent report on "Know Your Government."

Bell called was answered by the group singing "Michigan, My Michigan."

A short business meeting was held after which the hostess served a delicious dessert.

Letters to the Editor

1805 N. 17th Ave. Phoenix, Arizona Oct. 21, 1959

Dear Mr. and Mrs. Carstens, Well, here I am once more in the good old U.S.A. Arrived in Phoenix last week and was fortunate enough to move back into the game house we moved out of 16 months ago.

We sailed from Guam Sept. 21, on the M.S.T.S. ship Fred C. Ainsworth, a small ship, but very comfortable. It was our second cruise aboard the Ainsworth, having gone to Kowajalein on it in 1951.

We had some very rough weather the second day out from Guam and learned later that it was caused by typhoon Vera, which caused so much damage in Japan.

After sailing 11 days, with a short stop at Kowajalein, we arrived at Pearl Harbor. Although we were there all day, the passengers were only given five hours liberty. A friend met us, and we spent the time visiting and shopping.

From Guam to Hawaii there were only 70 passengers, so we had very little entertainment except movies. However, they picked up 200 passengers in Hawaii, then there was something going on most of the time.

They held a contest to choose a "Queen of the Voyage" and the one chosen was a sprightly little old lady of 84 years who put most of us to shame with her energy.

The last night aboard was the most exciting, with the Captain's dinner and ball, and the crowning of the Queen.

We arrived at Fort Mason, San Francisco, the morning of Oct. 6, and spent a week with my mother, Mrs. Maurie Reed, in Berkeley, Calif. She is quite ill, and will be coming to Phoenix to live with us very soon.

I picked up my car and hold luggage at the Naval supply depot, in Oakland, Calif., and my

Dear Mr. Carstens, On the occasion of National Newspaper Week I want to express the appreciation of the people of Michigan for the outstanding service the Eaton Rapids Journal has performed for our state in your recent public service advertising on the subject of sound community industrial development.

Certainly there has been no single contribution of greater importance to community development anywhere in the country than that made by Michigan newspapers during the past year in the work they have carried on through the Michigan Press Association and our state Economic Development Department. Congratulations and thanks!

Sincerely,
John B. Swainson

Awards Presented To 4-H Winners

The Eaton County 4-H club Awards Program for 1959, 1,100 members came to a close with the fall 4-H Achievement program last Saturday evening at the 4-H building at the Charlotte fairgrounds.

Jerry Somer, now a super salesman, entered the program with Joyce Fogle conducting the community sign. The county honor roll was read by County Extension Agent, Home Economics, Anne Field.

Sixty-four county gold medals were given out by County Extension Director John Johnson to 4-H members for excellence in project work. The two Michigan Farmer awards for outstanding work were awarded to Beverly Spier and Terry Edington. These were paper weights and engraved with the club member's name.

The coveted City Service Oil company 4-H key awards were presented to Marilee Sheets, Lois Messinger, Belores Ann Edington, Robert Wilson and Robert Siple. These awards are given on an earned basis of an accumulative record in 4-H club work. 175 earned points is the minimum. These awards are allowed to up to one-half of one percent of the county's 4-H club membership.

Two beautiful leather brief cases were presented to Gloria Bassett and Robert Wilson by Hall Insurance company for excellence in garden work.

The highlight of the awards program was the presentation of the seven annual Chicago trip certificates to Marilee Sheets and Terry Edington by McNamara Drugs, Connie Shaw by National Farm Loan association, Jerry Cole by Eaton Farm Bureau co-op, David Rhodes by Grand Lodge producer, Jack Morse by Michigan Vitified Tile and Bill Lesney by the Grand Rapids Press.

Four-H member completion pins and certificates along with a total of \$3,253. 95 were handed out to the 125 county 4-H clubs by the Eaton County Fair board for the 1959 4-H program.

The five barn awards went to Boody Feeders, Windsor Winners, 31111 Ribbon, Chester Champions and Center Eaton. Three horse trophies awarded by Roy Bradshaw, Western Harness shop of Lansing, went to Community Riders and Charlesworth Riders which tied for first and the individual trophy went to Jerry Cole.

Extension groups exhibiting included: Lazy Dairy Lady's, Deane Merrill, Twelve Doers, Bellevue Oneida Center, West Carmel Homemakers, Try and Do It, 4-H Club, North Eaton Rapids, Chester, Friendly Neighbors, Brickyard, Eaton Rapids Rural, Tri-County, Walton Center, Duffy Dozen, Lamp-Liters, and Bismark Busy Farmers.

Many of the folks are now trying their hand at some of the patterns, instructions and recipes in the direction packets they obtained at the workshop. Extra direction packets are available at the extension office for those who were not able to get one at the workshop.

Mr. and Mrs. Arthur Clark of Barnes road left Tuesday for their winter home in Kissimmee, Fla.

Mr. and Mrs. Clarence Franchier of Flint and Mr. and Mrs. Arnold Mitchell and daughter Joan of Marion, Mich., visited Mrs. William Barge on Friday and Saturday.

Football

(Continued from Page 1)

On the first play after the kickoff, guard Barry McKesey recovered an Orlie fumble on the Charlotte 26. Another Orlie-to-Casler pass moved the ball to the 13, and Peterson plunged to the Charlotte 4. Then Ode, on a roll-out pass play, was driven back and downed on the 29 for a 25-yard loss.

He made it up on the next play, passing perfectly to Casler for 20 yards and a touchdown. Jay Shirley ran the point to make it 21-0, and that's the way the first half ended.

The rain, which had held off during the first half, came down in buckets while the Charlotte band was performing on the field and the Eaton Rapids band standing by during the halftime back and downed on the 29 for a 25-yard loss.

William Hilliard Succumbs at 76

William Hilliard, 76, who emigrated to this country in 1904, died last Friday at a local convalescent home where he had been a patient for more than a year.

Funeral services were held Monday, Oct. 26, at the Skinner Funeral home, the Rev. E. A. Kellford officiating. Burial was in Oakwood cemetery.

Mr. Hilliard came here from Pettigo, Ireland, and for the past 48 years had lived on his Smith road farm, until entering the convalescent home.

He is survived by two sons, John and George; a daughter, Mrs. Elizabeth Shepperson, all of Eaton Rapids; a sister, Mrs. Kate Breckenridge of Pennsylvania, two brothers, George and Thomas, both living in Ireland; 10 grandchildren and two great-grandchildren.

Frank J. Klooz

Funeral services were held Tuesday, Oct. 27, at Skinner Funeral home for Frank J. Klooz, 83, who died unexpectedly at the home at 218 W. Knight street on Oct. 24.

Mr. Klooz came here with his wife in 1929 after retiring as assistant manager of the National Grocery Co., and had lived here for 30 years. He was born March 4, 1876 in Holt.

He is survived by his wife, Edna, a brother, Alfred, of Lansing, and two nieces and a nephew.

Funeral rites were performed by the Rev. Floyd Robinson. Burial was in Oakwood cemetery.

ORDINANCE

AN ORDINANCE TO PROHIBIT THE PARKING OF MOTOR VEHICLES, MOTOR CYCLES, TRAILERS AND TRACTORS ON THE STREETS OF THE CITY OF EATON RAPIDS, MICHIGAN, DURING CERTAIN HOURS.

SECTION I. From and after the effective date of this Ordinance it shall be unlawful for any individual person, company, or corporation to park an automobile, motorcycle, trailer, tractor, truck or any other type of vehicle on the city streets between the hours of two (2:00) o'clock A.M. and five (5:00) o'clock A.M. in the City of Eaton Rapids, Michigan.

SECTION II. Any individual person, company or corporation violating the terms of this Ordinance shall receive an overtime parking violation ticket for illegal parking and any vehicle found so parked between the hours of 2:00 A.M. and 5:00 A.M. may be towed to a city parking lot and impounded and shall not be released to the owner or driver thereof until said parking violation fine and the towing charges have been paid and receipts for same are shown to the police officer on duty.

SECTION III. This Ordinance is hereby declared to be an emergency ordinance passed in the interests of public safety and welfare and accordingly is made immediately effective.

P. L. Sage City Clerk
Carl J. Comps Mayor
We hereby certify that the foregoing Ordinance was duly passed by the city commission and signed by the mayor and the clerk on the 26 day of October, 1959.

SCHOOLS' OPEN
The school board of Springport spent the weekend with his daughter, Mrs. Chester Coats. Sunday visitors at the Coats home were Mrs. and Mrs. Pat Ryan of Lansing and Mrs. Arthur Simpson and children of Eaton Rapids.
Mrs. Irene Coats has been off work for several days to help care for her little son Danny in the hospital at night. Mrs. Kate Coats helps out during the day. Charlotte and Shawn Coats spent several days last week with their grandparents, Mr. and Mrs. Ralph Smith of Grand Rapids. Mr. and Mrs. Jim Kriescher and children spent Sunday with their brother and family, the Ralph Snodgrass in Battle Creek.
Mrs. Mary Hawkins and Tyfanie of Eaton Rapids had supper with the Forrest Coats Saturday evening; also, Mr. and Mrs. Jack Randall were evening callers.
Mr. and Mrs. Richard Charlewood and children were Sunday guests at the home of Rev. Mr. and Mrs. Glen Towns near Duck Lake.
Mr. and Mrs. Howard Towns were Sunday afternoon visitors with the Forrest Coats Saturday evening; also, Mr. and Mrs. Jack Randall were evening callers.

What and Why -- From the Classrooms

Miss Thompson, Librarian
Interest in the first assignment of books from the Traveling Science Library has held up forward to the next shipment scheduled for mid-November. Among all have been Librarian, The Education of T. C. Miss Lovejoy, Women Doctors of the World, Steamship Lines, Soviet Science, and a Constable, Silent World.
Thanks to Mr. Henry and the VFW Home, the library has some new shelf label holders and plastic covers for the magazines and books.
The eighth grade English class will embark on a study of our library facilities and opportunities for reading for pleasure. They will report on lives of well-known authors and take notes on reports given by their classmates. They are completing a project on the library in the classroom, at parties, in ice cream parlors, and on the city streets.
In an eighth grade history class Mrs. La Vean's students are completing a study of the geography of our country. To supplement their text they have used maps and information published by the state development bureau of the 50 states.
Mrs. Hixson — Grades eight and nine
Seven ninth graders are doing extensive research for their VFW essays for the contest. Thanks to Mr. Kasuba, the eighth grade history classes have some fine wall maps to use. Our room project is "What I Want to Be" and plants" has brought in several donations to brighten our room.
Mrs. Page — International Problems
This group of seniors has chosen juvenile delinquency as its current problem. They have defined the term "delinquency" and have discussed the differences between a prank, a delinquent act, and a crime. In studying causes of delinquency, various committees are doing research on the responsibility of the home, school, church, community, and the children themselves. Later they will explore possible remedies. Various speakers will be invited to discuss phases of delinquency with the classes.
Mrs. Anderson — Foreign Language
Latin II students are working on declensions of nouns and adjectives. Latin II students are studying life in Rome at the time of Augustus and learning about the English past. The students are giving talks on the home, school, church, community, and the children themselves. Later they will explore possible remedies. Various speakers will be invited to discuss phases of delinquency with the classes.
Mrs. Rich — Chemistry and Physics
Physics students are studying motion and what various forces will do to disturb molecular action. Chemistry students are working this week with

Legislature's 1960 Docket Is Heavy

MICHIGAN LAWMAKERS usually have at least a half year to report to the legislature with recommendations for bringing more jobs into Michigan.
The Morris committee won't have to look hard for suggestions. The Republican State Central Committee, Gov. G. Mennen Williams' Committee on Economic Future (COMEF), and George Romney's Citizens for Michigan all have studies on hand. The Michigan State Chamber of Commerce, which will be organized in December, is sure to have a few words of advice on behalf of businessmen.
Williams already has announced he will propose a state Economic Growth Act, patterned after the Federal Full Employment Act of 1946.
The most-investigated agency in the legislative interim will be the Highway Department. Sen. John H. Sabin (R-Beaumont) got state authorization to look into Highway Commissioner John C. Mackie's administrative practices. State controls over trading stamp companies may be proposed by a study committee headed by Rep. Allison Green (R-Kingsford).
One of the most battle-scarred issues, the state's "economic climate," has been attacked by a committee headed by Sen. Carlton H. Morris (R-Kalamazoo). Morris will take his five-man committee to several cities before reporting to the legislature with recommendations for bringing more jobs into Michigan.

Great Lakes Receive Helping Hand

Approximately 80,000 lake trout were planted in lakes Michigan and Superior last June by Conservation Department and U. S. Fish and Wildlife Service workers. Another 800,000 trout were released by Wisconsin and Ontario. The plantings launched a 10-year restoration program for lake trout in the upper Great Lakes where lamprey predation has taken a heavy toll. As groundwaters are again collecting heavy silt from the erosion of the shorelines, a sizeable portion will be returned to the inland lakes which are being restocked.

It's Buy-Time For Good Apples

It's buy time for fall-fresh Michigan apples. Shoppers throughout the land should find abundant fall supplies of fall-ripe apples at local supermarkets. In Michigan, growers report quality is good. Cool nights and warm days before September's early October harvest season helped develop their fine color. Main varieties moving to market include Jonathans, McIntosh, Spys and Delicious. Jonathans, McIntosh, and Spys are known for their versatility. All three are good for fresh eating, pies, sauces, salad, baking. Jonathans and Spys have a firm, crisp texture that holds their shape better than a McIntosh variety when cooked.
When buying apples, keep in mind that firmness is a sign of high quality.
All apples labeled U.S. Extra Fancy, U.S. Fancy or U.S. No. 1 must be graded to meet the grade standard. A large percentage of the top quality apples are sold as U.S. No. 1's. All top quality apples are "good-keepers." Many of the markets are selling apples marked "Drops." This means exactly what it says... apples that have fallen or "dropped" from the tree as a result of rain, wind or for some other reason. Drop apples are not intended for long storage. Many times drop apples are "badly bruised and the longer they are stored the bigger the bruise and the more wasteful the apples. Drop apples can be used quickly for pies and sauce.
Penny-wise shoppers will find that apples by the bushel will cost less per pound as compared to buying apples in smaller size units. However, if adequate cool storage space is not available, then choose the three or four pound bags and buy more often. Apples deserve a cool home in the bushel or in the bag. A bushel of apples should be stored in a cool (above freezing), dark place. Here they will keep two to three months. Smaller size three or four pound bags of apples will stay crisp and firm for many weeks when stored in the refrigerator.
As you get ready for the "Hick-or-tree-people" apples can save the day. One bushel of apples provides 96 to 144 medium-sized apples depending upon size. Drive Carefully. The Life You Save May Be Your Own.
