RE: Legacy Opportunity

Eaton Rapids Area District Library

Exciting news! We are thrilled to announce that the Eaton Rapids Area District Library is embarking on a transformative journey to renovate our beloved building. As we gear up for this endeavor, contractors are diligently working to secure the foundation, update utilities, and expand our space, ultimately transforming our current 5,380 square foot building into a remarkable 10,760 square foot facility. This expansion will not only allow us to utilize the upstairs area but also provide additional space for books, materials, computers, study areas, quiet zones, and accommodations for various meetings and library programs. We envision our renovated library as a cornerstone of our community, poised to serve generations to come for the next 75 to 100 years.

To realize this vision, we are reaching out to our community for support. Your contribution to the Library Building Fund will not only help us restore items that were cut from the bond budget but also enable us to add various amenities to enhance the overall library experience. Your generous donation, regardless of its size, will make a significant impact. For donations of \$1,000 or more, we are honored to offer recognition on our donor wall in the new library. A complete list of funding levels for naming rights is attached for your reference. Additionally, please note that your charitable contribution is tax-deductible, and donations can be made over a term of three years.

If you have any questions or would like to discuss how you can support this important community legacy, please feel free to contact ERADL Director Bryonna Barton at 517-663-0950 or bbarton@eradl.org, or ERADL Board Chair Jan Denton at jdenton45@comcast.net.

Thank you for considering this opportunity to leave a lasting legacy in our community. Your support is invaluable and deeply appreciated.
